CURRICULUM

The department offers courses from the beginning through the advanced level in French and beginning through intermediate level courses in Chinese, Japanese, and Spanish. In addition, the department offers courses in American Sign Language at all levels for those wishing to develop receptive and expressive skills for communicating with the hearing impaired. All courses are designed to develop the student's listening comprehension, speaking, reading, and writing skills, as well as to provide a general overview of civilization and culture. Curriculum in all languages includes lower division courses that are fully transferable to a four-year college or university.

MAJOR

Students who major in a foreign language at the lower division level concentrate on learning to understand, speak, read, and write a foreign language. In the process, students develop a more profound understanding of the world and gain insights into its complexities—culturally, politically, economically, and socially. Of course, as our world grows increasingly interdependent and international travel readily accessible, the knowledge of a foreign language will prove of benefit to all.

Students at Irvine Valley College may choose to major in French, Japanese or Spanish. The faculty recommends that majors do not select a language course to meet the arts and languages general education requirement, but instead choose a course in one of the arts that is of interest to them.

CAREER OPTIONS

In the past, many students who majored in foreign languages chose a teaching career. This continues to be an excellent option, given the shortage of well-qualified teachers, especially in the areas of bilingual and bicultural education.

In an increasingly economically interdependent environment, however, market globalization has opened up many new and exciting opportunities for foreign language majors in areas such as the following:

- Communications
- Foreign Service
- International Affairs
- International Business and Banking
- International Studies
- Journalism
- Marketing and Sales
- Publishing and Editing
- Social Work
- Translation and Interpretation
- Transportation and Travel

In combination with other areas of study, the foreign languages major provides a very strong preparation for professional schools such as business, law, and diplomacy.

ASSOCIATE DEGREE

- **Associate in Arts Degree in French**
- **Associate in Arts Degree in Japanese**
- **Associate in Arts Degree in Spanish**

Students must complete a minimum of 60 units of credit, including the courses in the major ("Major Requirements") and general education requirements (pages 43-49), with an overall GPA of 2.0 or better, and a grade of "A," "B," "C," or "P" in all courses to be counted toward the major. A minimum of 12 units must be completed at Irvine Valley College. See pages 33-34 for further information.

TRANSFER PREPARATION

Courses that fulfill major requirements for an associate degree at Irvine Valley College may not be the same as those required for completing the major at a transfer institution offering a bachelor's degree. Students who plan to transfer to a four-year college or university should schedule an appointment with an IVC counselor to develop a plan of study before beginning their program. It may be helpful to meet with the department faculty at IVC.
