

# FINANCIAL AID

The Financial Aid Office is located in the Student Services Center, SC 120, (949) 451-5287.

Irvine Valley College believes that no student should be denied access to an education for lack of funds. The Financial Aid Office provides information and advisement to students who need help with financing the cost of their education. Eligible students may qualify for a grant, loan, college work-study and/or scholarship.

The awarding of funds for student financial aid is closely regulated by laws designed to direct educational support funds to those who need them most. The student who seeks financial assistance must complete the Free Application for Federal Student Aid (FAFSA). The form is available online at [www.fafsa.ed.gov](http://www.fafsa.ed.gov). Information from the FAFSA is used to determine each student's "need level." "Need" is the difference between the total cost of attendance and the available resources from the student and/or the student's family. Once this figure has been established, the college can offer an award package.

To receive financial aid, the student must:

1. Have a high school diploma or pass the "ability-to-benefit" test.
2. Be a citizen or national of the United States, or be in the United States for other than a temporary purpose and intend to become a permanent resident thereof, or be a permanent resident of the Trust Territory of the Pacific Islands. Holders of student visas are not eligible for aid.
3. Be enrolled in a program leading to a degree or certificate.
4. Maintain satisfactory progress in the course of study according to the standards and practices of Irvine Valley College.
5. Not be in default on any loan made from a student loan fund and not owe a refund on grants previously received.
6. Be in need of financial assistance to pursue a course of study at Irvine Valley College.

## ASSISTANCE WITH ENROLLMENT FEES

The state has set aside funds to help pay fees for special categories of persons who cannot afford these fees. Students should visit the Financial Aid Office in the Student Services Center at Irvine Valley College, Room SC 120, or phone (949) 451-5287 for information.

## DRUG CONVICTION

A student is ineligible to receive federal student aid (Title IV grants and loans) if the student has been convicted of an offense involving the possession or sale of illegal drugs. Students may contact the Financial Aid Office for information on the duration of this restriction.

## RETURN OF TITLE IV FUNDS

When a recipient of federal student aid (Title IV grant or loan) withdraws completely from the college before completing 60% of the enrollment period, federal law requires repayment of part of the aid received. The amount that must be repaid will depend upon the percentage of the semester completed. The Financial Aid Office will notify the student regarding the amount owed and repayment options.

Any aid recipient who needs to withdraw from all classes should contact the Admissions and Records Office and the Financial Aid Office. Recipients are encouraged to discuss alternatives to complete withdrawal with their instructors or a college counselor before making a final decision.

## SCHOLARSHIPS

Scholarship recipients are selected each spring, with award monies disbursed the following fall upon verification of the student's enrollment in a minimum of six units. Scholarship assistance is provided by colleges, educational programs, national associations, businesses, and local organizations. Scholarships may be designed to meet the criteria specified by donors, established as a memorial, or designated on an annual renewal basis. Individuals, organizations, or companies wishing to establish a tax-deductible scholarship are encouraged to contact the IVC Foundation Office at (949) 451-5290.

## VETERANS PROGRAM

Irvine Valley College hopes to provide the kind of assistance that will help veterans attain their educational goals. Students are encouraged to take advantage of the Montgomery G.I. benefits they have earned.

Veterans have ten years after active duty discharge to use their entitlement. Certain disabled veterans under rehabilitation can qualify for up to 48 months of benefits. The Department of Veterans Affairs also provides educational assistance to widows, and dependents of deceased active duty personnel, and to dependents of veterans with 100% disability status. For more information, or to make an appointment with the Veterans Affairs coordinator in the Financial Aid Office, veterans should call (949) 451-5296. This is a college service office, not a branch of the federal government.

The California Department of Veterans Affairs also offers a college fee waiver program for veterans' dependents. Dependents whose parent or spouse has or had a service-connected disability, or died from a service-related cause, may meet the eligibility criteria for a college fee waiver. The waiver covers the enrollment, tuition and registration fees. This program does not waive nonresident fees, nor does it cover the cost of books, labs, food, parking, or dorms. California Community Colleges, California State Universities and University of California campuses are the only schools where the program can be utilized. This program does not apply to private schools or out-of-state schools. For more information about the California Department of Veterans Affairs College Fee Waiver program, call (714) 567-7450.

# SUPPORTIVE SERVICES

## DISABLED STUDENT SERVICES

**Student Services Center, SC 171  
(949) 451-5630**

The primary function of the program for students with disabilities is to accommodate a person's educational limitation, enabling that individual to participate in the educational experience at Irvine Valley College. For this reason, students identified as disabled are regarded as students first, and students with special needs secondarily. Participation in the program is voluntary.

Although the major emphasis of this program is focused on the disabled student's total integration into the life of the college, some special courses have been designed to assist students in making a successful transition. These include special services courses in computer science, English and mathematics, and adapted physical education courses.

Educational accommodations arranged through the Disabled Students office include testing accommodations; pre-registration for classes; notetakers, reading software and interpreters for the deaf; and equipment such as brailers, print enlargers, tape recorders, and adapted computers to circumvent each student's specific limitation. The program also provides counseling in vocational education, transfer programs, and personal adjustment.

## LEARNING DISABILITIES PROGRAM

**Student Services Center, SC 171  
(949) 451-5630 or 451-5357**

The Learning Disabilities Program serves all Irvine Valley College students who are not achieving their educational and/or occupational goals because of difficulties with study and organizational skills or basic skills such as reading, writing, spelling, or math. Students with specific learning disabilities may find it difficult to perform well or to succeed in the classroom without help, and the Learning Disabilities Program offers such students specialized instruction and support. Special classes focus on basic skill development and strategies for overcoming specific learning problems.

Students may be referred to the program by an instructor, counselor, or community agency, or they may refer themselves. Each student will receive an initial interview and then be individually assessed. If a student is considered eligible for the program, an individualized educational plan is implemented through one-to-one tutoring, small group instruction, specialized classes, and individualized learning laboratories. Instruction in the program carries nontransferable community college credit. Students may call for further information and appointments.

# ONLINE SERVICES AND DISTANCE EDUCATION

## ONLINE EDUCATIONAL COUNSELING

Online counseling is an extension of drop-in counseling (see page 63). Students can access this service from [www.ivc.edu/counseling](http://www.ivc.edu/counseling).

## DISTANCE EDUCATION: ONLINE CLASSES

(949) 451-5705

Distance Education is the process of learning, researching, and interacting outside of a campus environment. Distance education at Irvine Valley College is conducted on the Internet. Each class has a specific IVC instructor who serves as a personal contact to answer student questions, provide review opportunities, and administer examinations throughout the semester.

Students must meet the specific requirements of the course and participate responsibly. Many online classes require students to attend an orientation to receive the course syllabus, titles of texts, and other important information. The listing in the class schedule indicates how, when and where the instructor's initial orientation for the class takes place.

## BLACKBOARD™

Blackboard™ is an Internet educational delivery platform that provides students with an online learning community. Most distance education classes at IVC use the Blackboard course management system. Students participate in course lessons by accessing the Internet site, either at home or on campus in the college library or computer labs.

Students are added to a Blackboard course when they register for a distance education class. Students are able to download course content (including articles, streaming audio and video, and presentations) and interact with their instructor and classmates through the discussion board and the chat/virtual classroom.

Instructors inform students at the class orientation or by e-mail about how to use the Blackboard account. Students officially enrolled in an online class may access the account at <http://soccdd.blackboard.com> with a valid user name and password. Students can view online videos about Blackboard at [www.ivc.edu/de/sbc/](http://www.ivc.edu/de/sbc/).

## STUDENT E-MAIL

Students are automatically provided a student e-mail account when they enroll in at least one course at the college. User names are assigned automatically (customized names are not provided), and accounts are continued with no interruption in services so long as the student remains enrolled in contiguous semesters (excluding summer). Students may change their initial password and forward copies of their student e-mail to another account (e.g., their home e-mail).

Approximately three weeks after the start of a semester, continuing students who have not enrolled in at least one class for the new semester will have their e-mail accounts deleted. Students who drop all of their classes will have both their e-mail accounts and any unread messages deleted.

For the most current information about how to use the student e-mail accounts, students should log on to [www.soccdd.edu/email](http://www.soccdd.edu/email) and read "Your E-mail Information."

**Important Notice:** Student e-mail privileges are designed solely for educational purposes. District policy forbids personal, recreational or commercial use of college computers, e-mail and Internet services.

Phi Theta Kappa is a co-curricular organization affiliated with the IVC honors program. Students who are members of Phi Theta Kappa and/or have enrolled in the honors program benefit from this partnership in a variety of ways, including transcript notation, access to the honors program center, and the possibility of attending academic conferences where they may participate in workshops and compete for national awards and scholarships.

To qualify for membership in Phi Theta Kappa, a student must have completed 12 semester units at Irvine Valley College and have an Irvine Valley College cumulative grade point average of 3.5. Membership is not automatic: students must apply each semester for membership and pay semester dues before they are formally inducted. Transcript notation is posted at the end of each semester. # INTERCOLLEGIATE ATHLETICS PROGRAM

## IVC ATHLETICS: A TRADITION OF EXCELLENCE

Since 1990, Irvine Valley College has been committed to maintaining a strong athletic and academic tradition. Competing as a member of the nation's toughest college conference, the Orange Empire Conference (OEC), Irvine Valley teams have collected 11 state championships and 20 conference titles from 1990 through the spring of 2008. IVC currently competes in 12 intercollegiate sports: baseball, women's badminton, and men's and women's basketball, golf, soccer, tennis, and volleyball.

In just seven years, **IVC BASEBALL** has gone from a simple start-up program to being among the elite in the always tough OEC. In 2008, the Lasers set school records for wins in a season (32) and conference wins (14), and hosted the college's first-ever home playoff series. The season ended with the college's first Super Regional win, and seven players signed with Division-I programs around the country. This topped IVC's previous best finish in 2005, when IVC advanced to the state playoff's Super Regional, as the Lasers were led by their first-ever All-American selection (pitcher Chris Sadoris) and an MLB draft pick (Jessie Mier to the Los Angeles Dodgers).

The **MEN'S BASKETBALL** team has reached the playoffs in 10 of coach Jerry Hernandez's 13 years at the helm. Ranked as high as #2 in the state rankings in 2007-08, IVC set a school record for wins in a season, finishing 27-5 as five players signed with Division-I teams. Hernandez, who garnered his 250th career win at IVC in 2008, has won a conference championship and sent more than 60 of his student-athletes on to play at four-year colleges.

The **WOMEN'S BASKETBALL** team won a conference title in 1999, making its first-ever trip to the state tournament. The team finished with a record of 24-8 in its first season and, after another playoff season in 2007-08, has an overall program record of 250-136. IVC opened the 2005-06 season with the best start in program history, winning 17 of its first 18 games as forward Vanessa Dominguez was named a Kodak All-American in spring 2006.

The **MEN'S SOCCER** team tied for a conference title in its first-ever season in 1990, finished second in California in 1991, and won its first state championship in 1993. Since that time IVC has become one of the nation's elite men's soccer programs, winning another state title in 2003 and finished ranked as the No. 1 team in the nation. In 2006 and 2007, IVC advanced to the regional finals and was ranked as high second in the final Southern California regional poll.

The **MEN'S TENNIS** team, traditionally competitive in the Orange Empire Conference, captured the 150th victory in program history in 2007 with a win over Fullerton. **WOMEN'S TENNIS**, always in the hunt for a title in the best women's conference in California, won a conference championship in 1999.

**MEN'S VOLLEYBALL** needed just two years to claim a conference and state title, winning the crowns in 1993 under coach Tom Pestolesi. Since 2005, IVC has reached the state final four in four consecutive seasons, and finished as back-to-back state and national champions in 2007 and 2008. IVC also won the conference title for the third straight year and the fourth time in program history in 2008. Peter Johnson was voted Conference Player of the Year in both 2007 and 2008 by conference coaches, and State MVP after guiding the Lasers to the 2008 championship.

The **WOMEN'S VOLLEYBALL** team set school records for wins, conference wins and consecutive wins in 2007, posting a 22-1 record and a state #1 ranking, and capturing its second conference crown. Captain Chelsea Pavlik was named first-team All-American and set school records for kills and hitting percentage. The IVC program has become one of the nation's best and most consistent programs, having reached the state championship finals in 1999, 2003, and 2005. Pavlik joined 2005 setter Tiffany Hess in receiving All-American honors for the Lasers.

The **WOMEN'S BADMINTON** team has established itself as one of the top programs in the state. The Lasers won four state titles in a row from 2002-05 and have had numerous players win individual conference and state titles. Laser players captured the state singles title three years in a row from 2005-2007 and the doubles championship from 2002-2007. Shannon Hsu won state titles in singles and doubles in 2007 for IVC and will represent the U.S. at the 2008 Olympics in Beijing.

The **WOMEN'S GOLF** team won its first-ever Orange Empire Conference in 2004, beating Saddleback by 20 strokes in the conference finals. Coach Ben Burnett has established the Lasers as one of the state's most consistent programs, and was honored as Conference Coach of the Year in both 2004 and 2006. Coach Burnett also coaches the men's golf team in what has become the nation's best golf conference. Numerous players have continued at the four-year level after their careers at IVC.

The **MEN'S GOLF** team sent two players to the state tournament for the first time in program history in 2005. As a team, the Lasers reached the Southern California Regional Tournament in 2006.

The success of the IVC teams can be attributed largely to an outstanding coaching staff that demands excellence from students, not only on the courts and fields but also in the classroom. All men's and women's head coaches hold at least a master's degree.

## CONFERENCE PLAY

Irvine Valley College is a member of the Orange Empire Conference (OEC) and the California Community College Athletic Association (CCCCAA) of the Community College League of California's Commission on Athletics (COA). Members of the conference are Cypress, Fullerton, Golden West, Orange Coast, Riverside, Saddleback, Santa Ana, and Santiago Canyon colleges.

## ELIGIBILITY

As mandated by CCCAA rules, IVC advises student-athletes to check with coaching staffs and the CCCAA rule-book for data on initial and continuing eligibility. Please note that these rules are also helpful in establishing eligibility for transfer and competition at the four-year level, but students are advised to speak with coaches well in advance of enrollment to ensure proper course schedules and degree programs.

Generally:

1. A student-athlete must be enrolled and actively attending a minimum of 12 semester units at their community college during the season of sport. Of the 12 units, at least 9 must be attempted in courses in any of the following areas: remediation, career technical education/certificate courses, associate degree requirements, transfer/general education and/or lower division theoretical major preparation courses as defined by the college catalog and/or articulation agreements and consistent with a student's Individual Education Plan (IEP).
2. To be eligible for a second season of sport, the student-athlete shall maintain a cumulative 2.0 grade point average in accredited post-secondary coursework computed since the start of the semester/quarter of the first participation in any sport, regardless of the college attended.

3. To be eligible for a second season of a sport, the student athlete must pass a minimum of 24 semester units before the semester of the second season of competition. Of the 24 units, at least 18 shall be in any of the following areas: remediation, career technical education/certificate courses, associate degree requirements, transfer/general education and/or lower division theoretical major preparation courses as defined by the college catalog and/or articulation agreements and consistent with a student's Individual Education Plan (IEP).

## TRANSFERS

Per CCCAA bylaws, a student who is transferring to IVC for athletic participation, and who has previously participated in intercollegiate athletics (and whose most recent participation was at another California community college) must complete 12 units at IVC prior to the beginning of the semester of competition for that sport. A maximum of 8 units can be applied from summer enrollment.

## LATE REGISTRATION

Per CCCAA bylaws, a student-athlete who registers in a community college later than four weeks after the first day of class instruction (as listed in that community college calendar) for that season of sport shall not represent that community college in athletic competition in that semester.

## IMPORTANT:

These requirements are very exacting. Athletes are advised to become thoroughly familiar with CCCAA bylaws in order to avoid loss of eligibility. All interested students are urged to review the bylaws at [www.coasports.org](http://www.coasports.org) and to contact the Head Coach for their sport immediately to learn the requirements for eligibility at (949) 451-5398.
