Senior Lab Technicians: Hugh Collins, Jim Rynning

Curriculum

The theatre curriculum at Irvine Valley includes courses in acting, directing, theatre production and theatre design. Theatre students are encouraged to participate in a variety of theatrical performances, among them dramas, comedies and musical theatre. The Department of Theatre emphasizes the development of the many and various skills required in the theatre—including stagecraft, lighting, costuming, production and video production. The curriculum also includes courses in theatre appreciation, voice and diction, and singing.

Major

Students majoring in theatre arts concentrate on developing the expressive, interpretive, artistic and practical skills fundamental to the production of various types of dramatic literature. Students who wish to complete an Associate in Arts degree in theatre may select one of the following three options to fulfill the major requirement: (1) Theatre Arts; (2) Theatre Arts, Acting Emphasis; or (3) Theatre Arts, Technical Theatre Emphasis.

Career Options

Theatre Arts majors develop an ability to project and present themselves before audiences in formal performances. Thus the major is appropriate both for students who are anticipating careers in acting, directing or theatre production, and for those who may choose careers with a high profile such as law, teaching, sales or management.

Associate Degree

Associate in Arts Degree in Theatre Arts

Emphases:

- Acting
- Technical Theatre

Students must complete a minimum of 60 units of credit, including the courses in the major ("Major Requirements") and general education requirements

(pages 43-49), with an overall GPA of 2.0 or better, and a grade of "A," "B," "C," or "P" in all courses to be counted toward the major. A minimum of 12 units must be completed at Irvine Valley College. See pages 34-35 for further information.

Transfer Preparation

Courses that fulfill major requirements for an associate degree at Irvine Valley College may not be the same as those required for completing the major at a

transfer institution offering a bachelor's degree. Students who plan to transfer to a four-year college or university should schedule an appointment with an IVC counselor to develop a plan of study before beginning their program. It may be helpful to meet with the department faculty at IVC.
