How To Find COVID Vaccine Locations- Updated instructions as of 11/12/2021

1. Go to https://www.vaccines.gov/
2. Click “Find COVID-19 Vaccines”

3. Enter your zip code and select a search radius

4. Choose a COVID Vaccine manufacturer (Pfizer, Moderna, or Johnson & Johnson)
5. Click “Search for COVID-19 Vaccines”
6. A list of all COVID-19 vaccine locations within the chosen radius will appear
7. Select the location of where you want to get the vaccine
8. A new webpage specific for that COVID-19 vaccine location will appear

9. Double check under the “COVID-19 Vaccines at This Location” page to make sure your desired vaccine manufacturer is in stock
10. If in stock, click on “Check appointment availability” to make an appointment to get a vaccine or read under “more details” to see if walk-ins are taken at the location

*The process above is the same for 1st/2nd COVID vaccines and the COVID booster shot

*For more information on COVID-19 vaccine booster shots, visit the [CDC COVID-19 Vaccine Booster Shots site](https://www.cdc.gov/vaccines/schedules/acip-recs/index.html).
