Message from the Chief

I hope this message finds you well. The mission of the Irvine Valley College (IVC) Police Department is to provide a safe learning, teaching and working environment through resolute and professional police services. We are committed to ensuring the safety and security of all students, faculty, staff, and visitors on both the main campus in Irvine and at the Advanced Technology and Education Park (ATEP) in Tustin.

In compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998 (Clery Act), IVCPD works closely with the Irvine Police Department (for the Irvine campus) and the Tustin Police Department (for the ATEP campus) to gather statistical information on criminal incidents that occur off campus. This collaborative effort helps us provide timely warning reports and ensures accurate annual statistical disclosures for the entire IVC community.

To effectively maintain a safe environment, we urge all members of the campus community to report any campus crimes promptly to IVCPD. By doing so, we can promptly respond, investigate, and take necessary action to address such incidents.

Both the campus Police Department and the Office of the Vice President for Student Services collect comprehensive information on all incidents occurring on campus. This data is instrumental in developing strategies to enhance our security measures continually.

Please be aware that all district policies outlined in this report apply equally to both the Irvine campus and the Tustin campus. You can access the full Annual Security Report on our official website [website link] to review detailed information about crime statistics, campus safety policies, and resources available to the community.

With increased activities on our campuses, I encourage all of you to remain vigilant and actively contribute to the safety of our campuses. Your cooperation and support are crucial in creating an environment where everyone feels secure and can focus on their educational and professional growth.

If you have any questions or concerns related to campus safety or security matters, please do not hesitate to contact the IVC Police Department.

Stay safe and best regards,
Scott Kennedy,
Chief of Police
**Law Enforcement Partnership**

Pursuant to California Education Code Section 67381, IVCPD and the Irvine and Tustin Police Departments have adopted and signed written Memoranda of Understanding that clarify operational responsibilities for the investigation of violent and non-violent crimes occurring on college property, both on the IVC campus and at ATEP in Tustin. Due to the sophisticated investigative resources required to investigate certain crimes properly, IVCPD, by agreement, has arranged in certain circumstances for assistance from the Irvine and Tustin Police Departments, respectively.

The agreement states that the IVCPD will be the primary reporting and investigating law enforcement agency for all crimes occurring on the Irvine Valley College and ATEP campuses, except Part One crimes of Homicide, Robbery, Kidnapping, Felony Assault, Auto Thefts, Sexual Assaults, Hate Crimes, and Crimes Against Children and other felonious crimes. The Irvine Police Department will be the lead reporting and investigating agency for these crimes if reported on the IVC campus and the Tustin Police Department will be the lead agency if reported on the ATEP campus. The Irvine Police Department will be the primary reporting and investigating law enforcement agency for all crimes occurring in the vicinity of the Irvine Valley College campus outside the boundaries of the Irvine Valley College campus and properties. The Tustin Police Department will be the primary reporting and investigating agency for all crimes occurring in the vicinity of the ATEP campus outside the boundaries of the ATEP campus and properties. Both agencies will continue to provide mutual aid assistance as appropriate when requested.

IVCPD maintains a strong working relationship with state and local police agencies, including the Orange County Sheriff’s Department, Irvine Police Department, Tustin Police Department Orange County Sheriff’s Department and California Highway Patrol.

IVCPD also seeks assistance from federal, state, and city law enforcement agencies as needed.

**Law Enforcement Authority**

IVCPD is empowered pursuant to section 830.32 (a) of the California Penal Code and section 72330 of the California Education Code, which fully subscribes to the standards of the California Commission on Peace Officer Standards and Training (POST).

IVC police officers have the authority to enforce state and local laws, to conduct criminal investigations, and make arrests anywhere in the State of California. Police officers also have the authority to enforce College policies, procedures and rules. However, the primary jurisdiction of IVCPD is the IVC and ATEP campuses.

Our sworn police officers receive the same basic training city as county peace officers throughout the state, plus additional training to meet the unique needs of the campus environment.

The Department handles all patrol, investigation, crime prevention education, and related law enforcement duties for the campus community, and operates 24 hours a day, seven days a week.

IVCPD hires contract security officers to work at the ATEP campus who have the authority to enforce College policies and vehicle parking laws, which is limited to the ATEP campus only. They do not have arrest authority or the authority to enforce other law violations. The Security Officers have jurisdiction to operate on IVC owned or controlled property.

IVCPD is a member of the Orange County Communications System and has direct radio contact with the local public safety agencies.

The Department also has access to local, state, and federal law enforcement telecommunications systems that provide vehicle registration, driver license, and criminal record information.
Reporting Crimes

Community members are strongly encouraged to immediately report to IVCPD any criminal and suspicious activity occurring on campus, on public property running throughout or immediately adjacent to the campus, or on other property that is owned or controlled by IVC. We encourage accurate and prompt reporting of all crimes to campus police, including when the victim elects to, or is unable to, make such a report. IVCPD can be reached at 949-451-5234 or via campus phones at extension 5234.

While IVCPD may offer advice and assistance regarding campus safety, all members of the campus community are encouraged to take responsibility for their safety and, when possible, assist others. Always use common sense, be proactive, and take precautions.

Response to a Report

Dispatchers are available at these respective telephone numbers 24 hours a day to answer your calls. In response to a call, IVCPD will take the required action, either dispatching an officer or asking the victim to report to IVCPD to file an incident report. All reported crimes will be investigated by IVCPD or the agency of jurisdiction, or the Irvine/Tustin police departments under the Memorandum of Understanding, and may become a matter of public record. As appropriate, IVCPD will notify the Vice President for Student Services of incidents that may require further review or action. IVCPD will investigate a report when it is deemed appropriate. Additional information obtained via the investigation will also be forwarded to the Dean of Counseling. If assistance is required from the local police department or the local fire department, IVCPD will contact the appropriate unit. If a sexual assault or rape should occur, staff on the scene, including IVCPD, will offer the victim a wide variety of services.

Report crimes or suspicious circumstances, including unwanted product sales/solicitation, to IVCPD by phone or in person. Members of the community are helpful when they immediately report crimes or emergencies to IVCPD and/or PRIMARY CSAs. The information may be
included in the annual statistical disclosure or assessed for issuing Timely Warning Notices when deemed necessary.

**Irvine Valley College Primary Campus Security Authorities:**

Dean of Counseling, Angel Hernandez (949) 451-5465

Assistant Dean of Students, Amrik Johal (949) 451-5483

Title IX Coordinator, Martha McDonald (949) 451-5624

Title IX Investigator, Ezra Omar (949) 451-5231

Dean of Kinesiology, Keith Shackleford (949) 451-5407

Vice Chancellor of Human Resources, Cindy Vyskocil (949) 582-4699
Reporting Option Other Than to Campus Police

All IVC Campus Security Authorities (CSAs) are required to report crimes (violations of federal, state, and local laws) to IVCPD. Students and employees can report crimes to any CSA on campus. However, IVC has identified the following college officials as Primary CSAs, who will provide additional reporting options in the event that the reporting party does not want to report a crime directly to IVCPD.

Irvine Valley College Primary Campus Security Authorities:

Dean of Counseling, Angel Hernandez (949) 451-5465
Assistant Dean of Students, Amrik Johal (949) 451-5483
Title IX Coordinator, Martha McDonald (949) 451-5624
Title IX Investigator, Ezra Omar (949) 451-5231
Dean of Kinesiology, Keith Shackleford (949) 451-5407
Vice Chancellor of Human Resources, Cindy Vyskocil (949) 582-4699

All CSAs are required to subsequently notify IVCPD of any reported crimes as soon as practicable, to allow that office to capture the crime for statistical purposes and to assess the crime for a potential timely warning notice.

Off-Campus Reporting

For off-campus locations, direct all calls for assistance to the local law enforcement agency. Off-campus incidents are within the operational responsibility of the Irvine Police Department (IVC campus vicinity) or the Tustin Police Department (ATEP campus vicinity).

Voluntary/Confidential Reporting

If you are the victim of crime, we encourage you to file a crime report. If you would like to maintain confidentiality and do not wish to pursue action within the college or criminal justice system, you are encouraged to consider filing a confidential report for purposes of inclusion in the annual disclosure of crime statistics. These types of reports can be made to IVCPD or with a counselor in the Health and Wellness Center. The information can enhance community safety by allowing the college to keep accurate records of crimes, helping to determine whether patterns of crime exists, and alerting the campus to potential danger.
Exemption for Pastoral and Professional Counselors/Mental Health Therapists

Two employee categories are not CSAs under the Clery Act and Title IX, although they have significant responsibility for student and campus activities:

- **Pastoral Counselors:** A person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor.

- **Mental Health Therapist in the Health and Wellness Center:** A person whose official responsibilities include providing mental health counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification. This exemption applies even to professional counselors who are not employees of the institution but are under contract to provide counseling at the College. Additionally, SOCCCD considers employees working in the Health and Wellness Center as exempt mandatory reporters.

- **Counseling Services – Health and Wellness Center and Counseling Center:** Although counselors typically have significant responsibility and involvement in student and campus activities, they are exempt from the Clery Act and Title IX reporting requirements. They are, however, encouraged to forward non-identifying information to IVCPD on crimes that are reported to their offices. This non-identifying information is included in the annual security report. Although exempt from divulging personally identifiable information about reporting parties, exempted personnel are encouraged to report Clery violations to IVCPD for statistical purposes only.
The Clery Act
In 1990, the Higher Education Act of 1965 (HEA) was amended to include the Crime Awareness and Campus Security Act of 1990 (Title II of Public Law 101-542). This amendment required all postsecondary institutions participating in the Title IV student financial aid programs to disclose campus crime statistics and security information. In 1998, the act was renamed the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act in memory of Jeanne Clery, a university student who was killed in her dorm room in 1986. More commonly known as the Clery Act, this law requires a college to:

- Collect, classify, and count crime reports and statistics
- Issue campus alerts
- Publish an annual security report
- Submit crime statistics to the Department of Education
- Maintain a daily crime log
- Disclose missing student notification procedures

The Campus Sexual Violence Elimination Act (SaVE Act, H.R. 6461, Incorporated in 2014)

Notably, VAWA amended the Clery Act to require institutions to compile statistics for incidents of domestic violence, dating violence, sexual assault, and stalking and to include certain policies, procedures, and programs about these incidents in their annual security report (ASRs).

The VAWA requires institutions of postsecondary education eligible to participate in federal student aid programs to adopt, and to disclose in their annual security report a summary of, a policy regarding sexual assault (an existing requirement of the Clery Act) and other intimate partner violence. The term “intimate partner violence" is defined to mean "any physical,
sexual, or psychological harm against an individual by a current or former partner or spouse of the individual." It includes stalking, dating violence, sexual violence, or domestic violence.

**Victims’ Rights Provisions**

The VAWA establishes a baseline framework for institutions to respond to sexual assault and other intimate partner violence. The SOCCCD and Irvine Valley College policy will:

- Provide students and employees who report victimization information in writing of their rights to notify law enforcement and to be assisted by campus authorities. At the time of the report, they will provide an explanation of their rights to obtain no-contact orders or enforce an order already in existence, and contact information for campus and local advocacy, counseling, health, mental health and legal assistance services.

- Provide notification to students and employees who report victimization with options for and assistance in changing academic, living, transportation, and working situations if requested and reasonably available.

- Provide for honoring any lawful no-contact or restraining order.

- Disclose the range of possible sanctions that may be imposed following an institutional disciplinary procedure.

- Detail procedures victims should follow if a sex offense occurs, including who to contact and information about the importance of preserving physical evidence (an existing provision of the Clery Act).

- Disclose a summary of institutional disciplinary procedures including clear statements.

- Provide confidentiality of the victim if requested in writing.

**Best Practices Report**

The VAWA provides for the collaboration of the U.S. Departments of Justice and Education to collect and disseminate best practices information about preventing and responding to sexual assault and other intimate partner violence.
Resources Available to Victims

The following resources are available to victims of domestic violence, dating violence, sexual assault, and stalking. Upon receipt of a report of domestic violence, dating violence, sexual assault or stalking, IVC will provide written notification to students and employees about existing assistance with and/or information about obtaining resources and services including counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid and assistance in notifying appropriate local law enforcement. Victim Protective Orders

In California, a victim of domestic violence, dating violence, sexual assault, or stalking has rights to be compensated for medical and counseling costs as well as the right to be notified of the status of criminal proceedings. Further, the College complies with California law in recognizing orders of protection, which are called restraining orders, and requests that any person who obtains an order of protection from California or any state should provide a copy to Campus Police and the Title IX Coordinator. A complainant may then meet with Campus Police to develop a Safety Action Plan, which is a plan for campus police and the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include, but in not limited to: escorts, special parking arrangements, providing a temporary cellphone, changing classroom location or allowing a student to complete assignments from home, etc.) The college cannot apply for a legal order of protection, no contact order or restraining order for a victim from the applicable jurisdiction(s).

If you feel you are the victim of domestic violence, dating violence, sexual assault, or stalking, you should immediately report this to Campus Police who will investigate as appropriate. In these instances, you have the right to request No Contact Orders, Restraining Orders, or similar lawful orders issued by a criminal or civil court. Campus Police or the appropriate law enforcement agency investigating these crimes will assist victims in these instances.

Notes: **A cohabitant is a person who regularly resides in the household. Tenants or roommates subletting rooms in the same household do not meet the relationship requirement for a Domestic Violence Restraining Order unless they have a romantic or close relationship. A close relationship is one where the persons share a common goal and mutual interests beyond that of roommates. Abuse means to hit, kick, grab, choke, hurt, scare, throw things, pull hair, push, follow, harass, assault with a weapon, force to participate in unwanted, unsafe, or degrading sexual activity, or threaten to do any of these things.

Employer is defined as the following: Every person engaged in any business/enterprise in this state that has one or more persons in service under any appointment, contract of hire, or apprenticeship, express or implies, oral or written, irrespective of whether such person is the owner of the business or is operating on concessionaire or other basis. Labor Code 350(a).

A federal agency, the state, a state agency, a city, county, or district, and a private, public quasi-public corporation, or any public agency thereof or therein. Code of Civil Procedure 527.8(d)
Timely Warnings

**Scope:** Focus on Clery crimes but also include crimes considered to represent a serious or continuing threat to students, employees, and the college community.

**Why:** In the event a crime is reported within the Clery geography (on campus, on public property, and non-campus property), a Timely Warning (called a Crime Alert) may be issued if, in the judgment of the Chief of Police or his designee, the crime is considered by the institution to represent a serious or continuing threat to students and employees.

Crime Alerts are typically issued for the following Uniform Crime Reporting Program (UCR)/National Incident Based Reporting System (NIBRS) crime classifications:

- **Murder/Non-Negligent Manslaughter**
- **Aggravated Assault** (cases involving assaults among known parties, such as two roommates fighting, resulting in aggravated injury, will be evaluated on a case-by-case basis to determine if the individual is believed to be an ongoing threat to the larger IVCC community)
- **A string of Burglaries or Motor Vehicle Thefts** that occur in reasonably close proximity to one another;
- **Robbery** involving force or violence (cases including pickpocketing and purse snatching will typically not result in the issuance of a Timely Warning Notice, but will be assessed on a case-by-case basis)
- **Sexual Assault** (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount of information known by the Chief of Police, or designee). In cases involving sexual assault, which are often reported long after the incident occurred, there is no ability to distribute a “timely” warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice.
- **Major Incidents of Arson**
- **Other Clery Crimes as determined necessary by the Chief of Police, or his designee in his absence**
Crime Alerts may also be posted for other crime classifications and locations, even though this is not required by the law, at the sole discretion of the Chief of Police or designee.

**When:** IVC will issue a warning without delay as soon as the pertinent information is available and when appropriate, in a manner that withholds the names of victims as confidential, and with the goal of aiding in the prevention of similar occurrences.

**Who:** In the event of a situation which, in the judgment of the Chief of Police or designee, constitutes an serious or continuing threat of a criminal nature to the campus community, IVCPD will issue a crime alert as soon as possible and when appropriate. Crime Alerts are typically written by the Chief of Police or his designee and are reviewed (time permitting) and typically distributed by the Office of Marketing and Creative Services. The Chief or designee typically consults with the Irvine and/or Tustin Police Department prior to distribution of a Crime Alert to ensure that the warning does not contain information that would compromise law enforcement efforts.

**How:** For any crime considered to represent a serious or continuing threat to the campus community, a Crime Alert will be distributed using campus email, text-messages and social media as the primary methods of communication. The College may also post flyers in or on campus facilities, if deemed necessary.

The institution is not required to issue a Timely Warning with respect to crimes reported to a pastoral or professional counselor.
Emergency (Immediate) Notifications

Irvine Valley College has developed a process to notify the campus community in case of emergency. While it is impossible to predict every significant emergency or dangerous situation that may occur on campus, the following identified situations are examples which may warrant an emergency (immediate) notification after confirmation: armed/hostile intruder; bomb/explosives (threat); communicable disease outbreak; severe weather; terrorist incident; civil unrest; natural disaster; hazardous materials incident and structural fire.

**Scope:** Wide focus on any significant emergency or dangerous situation (may include Clery crimes).

**Why:** Issuing of Campus emergency (immediate) notifications occurs when an event that is occurring on campus or imminently threatening the campus community. Emergency notification procedures are initiated for any significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees on campus.

**Where:** Applies to situations that occur on the campus.

**When:** Notifications are issued without delay upon confirmation of an emergency situation that poses an immediate threat to the health or safety of the campus community. IVC will, without delay and taking into account the safety of the community, determine the content of the notification, and initiate the notification system, unless issuing a notification will, in the professional judgment of the responsible authorities, compromise the efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency.

**How:** The notification will be distributed as soon as possible under the following guideline:

**Qualifying Events for Emergency Notifications Include, However, Are Not Limited To:**

- Outbreak of Serious Health Risk
- Extreme Weather Conditions
- Chemical Hazardous Materials Spills
- Campus Utility Breakdown (water, gas etc.)
- Active Shooter/Armed/Dangerous Person
- Bomb Threat
- Terrorist
- Incident Fire
- Civil Unrest
- Explosions
- Aircraft Crash
- Earthquake
- Gas Leak
Depending on the incident, the Irvine and/or Tustin Police Departments will be notified to make notifications to the surrounding community.

In the event of an emergency, IVC will initiate and provide, without delay, immediate notifications to the appropriate segment(s) of the College community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students, employees, and visitors.

The Chief of Police or designee is responsible for confirming an emergency in conjunction with campus administrators, local first responders, public health agencies, and/or the National Weather Service.

If the Chief of Police, or designee, in conjunction with other College administrators, local first responders, public health agencies, and/or the National Weather Service, confirms that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the IVC community, IVCPD and/or the Office of Marketing and Creative Services will collaborate to determine the content of the message (other administrators or first responder/public health agencies may contribute to the development of that content). Typically, IVCPD and/or the Office of Marketing and Creative Services will use some or all of the systems described below to communicate the threat to the IVC community or to the appropriate segment of the community, if the threat is limited to a particular building or segment of the population. See specific information below regarding the development of content for and initiation of each system. All messages should include the type of situation, the location of the situation, the time and date, instructions for the recipient, and the additional method of the public to obtain information.

Emergency (immediate) notifications will be distributed utilizing one or more of the following systems:

- Regroup mass notification system (campus e-mail, text messages and social media)
- InformaCast Alert Broadcast (voice, digital on-campus phones, and blue light campus phones)
- Campus Email System
- College Website
- Entrance Digital Marquees
- Electronic Building Monitors (in select buildings)
- Rooftop Public Address System (in select buildings)
- Fire Alarms
- In Person Communication (in the event of an electronic system failure, the campus may supplement communication using in-person communication methods)
Follow-up information will be distributed using some or all of the identified communication systems (except fire alarms).

The local news media may be utilized to disseminate emergency information to members of the larger community, including neighbors, parents, and other interested parties. The larger community can also access emergency information via the IVC homepage and/or social media.

If there is an immediate threat to the health or safety of students or employees occurring on campus, an institution must follow its emergency notification procedures. An institution that follows its emergency notification procedures is not required to issue a timely warning based on the same circumstances; however, the institution must provide adequate follow-up information to the community as needed.

Emergency Response and Evacuation Procedures
The campus Emergency Operations Plan provides the framework for an organized response to various human-caused and natural emergency situations, including fires, hazardous spills, earthquakes, flooding, explosions, and civil disorder. In addition to campus-wide guidelines, each department on campus is encouraged to develop an emergency action plan that identifies hazards unique to their workplace, along with corresponding response strategies that minimize employee exposure to hazardous conditions during an emergency. Campus emergency management provides resources and guidance for the development of these plans.
An individual can report an emergency at IVCPD by calling 949-451-5234.

The College conducts emergency response exercises and/or drills every month, such as field exercises, evacuation drills, and tests of the emergency notification systems on campus. These exercises and drills are designed to assess and evaluate the emergency plans and capabilities of the college. Monthly tests of the InformaCast System are performed at various buildings. This system sends visible text messages and audible messages to all landline phones on campus.

IVC participates each October in the annual Great California Shakeout in October. This test is an announced, simulated, statewide earthquake drill involving all on-campus students, faculty, and staff. Emergency notification procedures are activated, along with deploying the IVC Building Marshals and Captains to assist with the controlled, safe evacuation of all buildings.

In conjunction with other emergency agencies, the College conducts emergency response drills and exercises each year, such as tabletop exercises, field exercises, and tests of the emergency notification systems on campus. These tests, which may be announced or unannounced, are designed to assess and evaluate the emergency plans and capabilities of the institution.

Each test is documented and includes a description of the exercise, the date and time of the exercise, and whether it was announced or unannounced.

The campus publicizes a summary of the emergency response and evacuation procedures via email at least once each year in conjunction with a test (exercise and drill) that meets all of the requirements of the Higher Education Opportunity Act. Campus Police maintains an Emergency Management Calendar. This calendar outlines the schedule of various emergency preparedness activities, drills, exercises, and training sessions. It serves as a reference for planning and ensuring that necessary preparedness efforts are carried out systematically.

**Emergency Evacuation Procedures**

The emergency evacuation procedures are tested at least twice each year. Students and employees learn the locations of the emergency exits in the buildings and are provided
guidance about the direction they should travel when exiting each facility for a short-term building evacuation. The IVCPD does not tell building occupants in advance about the designated locations for long-term evacuations because those decisions are affected by time of day, weather, location of the building being evacuated, the availability of the various designated emergency gathering locations on campus, and other factors such as the location and nature of the threat. In both cases, IVCPD staff on the scene will communicate information to students regarding the developing situation or any evacuation status changes.

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of a fire or other emergency. At IVC, evacuation drills are used as a way to educate and train occupants on fire safety issues specific to their building. During the drill, occupants “practice” drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm.

**General Evacuation Procedures**

At the sound of a fire alarm or if you are instructed to evacuate, leave your work area immediately and proceed to the nearest exit, and leave the building. If you are the first to recognize a fire situation, activate the alarm, evacuate to a safe location using the nearest exit, and notify IVCPD (949-451-5234) or dial 911.

1. Remain calm
2. Do not use elevators; use the stairs.
3. Assist the physically impaired. If he/she is unable to exit without using an elevator, secure a safe location near a stairwell, and immediately inform IVCPD or the responding fire department of the individual's location.
4. Proceed to a clear area at least 150 feet from the building. Keep all walkways clear for emergency vehicles.
5. Make sure all personnel are out of the building.
6. Do not re-enter the building.

**Shelter-in-Place Procedures: What it Means to Shelter in Place**

If an incident occurs and the buildings or areas around you become unstable, or if the air
outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors. Leaving the building may be dangerous. Thus, to “shelter in place” means to make a shelter of the building that you are in. With a few adjustments, this location can be made even safer and more comfortable until it is safe to go outside.

**Basic Shelter-in-Place Guidance**

If an incident occurs and the building you are in is not damaged, stay inside an interior room until you are told it is safe to come out. If your building is damaged, take your personal belongings (purse, wallet, access card, etc.) and follow the evacuation procedures for your building. Close your door, proceed to the nearest exit, and use the stairs instead of the elevators. Once you have evacuated, quickly seek shelter at the nearest College building. If police or fire department personnel are on the scene, follow their directions.

**How You Will Know to Shelter in Place**

A shelter-in-place notification may come from several sources, including IVCPD, other College employees, the local police department, or other authorities utilizing the College’s emergency communications tools.

**How to Shelter in Place**

No matter where you are, the basic steps of shelter in place will generally remain the same. Should the need ever arise, follow these steps, unless instructed otherwise by local emergency personnel:

1. If you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a telephone to be used in case of emergency. If you are outdoors, proceed into the closest building quickly or follow instructions from emergency personnel on the scene.

2. Locate a room to shelter inside. It should be:
   - An interior room;
   - Above ground level; and
   - Without windows or with the least number of windows. If there is a large group of people inside a particular building, the use of several rooms may be necessary.
3. Shut and lock all windows (tighter seal) and close exterior doors.
4. If applicable, Turn off air conditioners, heaters, and fans.
5. If applicable, close vents to ventilation systems as you are able. (College staff will turn off the ventilation as quickly as possible.)
6. Make a list of the people with you and ask someone (faculty or other staff) to call the list in to IVCPD so they know where you are sheltering. If only students are present, one of the students should call in the list.
7. If there are no security issues, turn on a radio or TV and listen for further instructions.
8. Make yourself comfortable.

**Campus Safety/Security Awareness and Crime Prevention Education**

The College coordinates and sponsors educational workshops and classes promoting the awareness of rape, acquaintance rape, and other sexual offenses. Student Services also conducts seminars on what women and men should know about date rape, in addition to discussion groups focusing on campus sexual assault.

During each staff/faculty development week in August, safety and educational videos are presented to assist in preparing, planning, and dealing with emergency situations.

New students must view an orientation video during the matriculation process, which contains information regarding sexual assaults and sexual harassment issues and how to report them.

During the 2020-2021 academic year, IVC offered over 25 crime prevention and security awareness programs. Topics such as personal safety, drug and alcohol abuse awareness, and sexual assault prevention are examples of programs offered during the prior academic year.

All crime prevention and security awareness programs encourage students and employees to be responsible for their own security and the security of others. Participants in these programs are asked to be alert, security-conscious and involved, and are advised to call IVCPD to report suspicious behavior. For additional questions regarding crime prevention, contact the department directly at 949-451-5234.
As part of the department’s community-oriented policing philosophy, IVCPD offers crime prevention presentations each semester to classrooms, campus clubs, and student groups as requested. Topics of these presentations include personal safety awareness, Rape Aggression Defense (R.A.D.), active shooter preparation, and property protection strategies. Anyone interested in having an IVCPD officer speak to their classroom or group should contact them at 949-451-5234.

**Monitoring and Recording of Criminal Activity by Students at Non-Campus Locations of Recognized Student Organizations**

IVC does not have officially recognized student organizations that own or control housing facilities outside of the IVC core campus. Therefore, local police are not used to monitor and record criminal activity, since there are no non-campus locations of student organization.

**Access and Security of Campus Facilities**

During normal business hours, the administrative and academic facilities at IVC are open and accessible to students, staff, faculty, and visitors of the College. After normal business hours and during breaks, these facilities are locked and only accessible to authorized individuals. IVCPD officers conduct routine security and safety patrols of the academic and administrative buildings to monitor conditions and report any unusual circumstances.

IVC does not maintain on campus student housing facilities.

**Security Considerations Used in the Maintenance of Campus Facilities**

IVC maintains campus facilities in a manner that minimizes hazardous and unsafe conditions.
Parking lots and pathways are illuminated with lighting. IVCPD works closely with Facilities Management to address burned-out lights promptly, as well as malfunctioning door locks or other physical conditions that enhance security. Other members of the College community are helpful when they report equipment problems to IVCPD or to Facilities Management.

**Alcohol and Other Drugs Policy and Programs**

The College makes available to students and employees a wide variety of programs designed to discourage the use of illicit substances and provide information on legal and responsible alcohol consumption. Abuse of alcohol and drugs can have a dramatic impact on academic, professional, and family life. Members of the community who may be experiencing difficulty with drugs or alcohol are encouraged to seek assistance.

The Counseling Center and the Health and Wellness Center provide counseling and referral services to students with substance abuse. Individual counseling sessions are available to students at no cost. Following College policies and state and federal laws, all information regarding any contact or counseling is confidential.

A student’s decision to seek assistance will not be used in connection with any academic determination or as a basis for disciplinary action. (AR-5500)

**Alcohol and Drug Programs**

The Drug and Alcohol Prevention Intervention Advisory Council Program utilizes a comprehensive approach to address alcohol and other drug-related problems through education, prevention, and treatment interventions to foster student learning and success.

For employees, the Employee Assistance Program is offered through the District. The program is free, 24 hours a day, every day of the year. It offers confidential referral and counseling services for substance abuse, depression, anxiety, and other issues.

Medical and psychological counseling are also available at the Health and Wellness Center (medical and psychological counseling) and the Counseling Center (psychological counseling) during hours of operation.

**Substance Abuse/Alcohol and Drug Policy**

In accordance with Public Law 101-226, the Drug-Free Schools and Communities Act
Amendment of 1989, the governing Board of Trustees of the South Orange County Community College District prohibits the unlawful possession, use, sale or distribution of illicit drugs and alcohol by students and employees on Irvine Valley College property, including as part of any Irvine Valley College sponsored or sanctioned activity.

The Chief of Police, Scott Kennedy (949) 451-5770 has primary responsibility for the enforcement of State underage drinking laws.

**Possession, Use and Sale of Illegal Drugs**

The IVC campus has been designated Drug Free. The possession, sale, manufacture and distribution of any controlled substance is illegal under both state and federal laws. These laws are strictly enforced by the IVC Police Department. Violators of these laws are subject to IVC disciplinary action, criminal prosecution, fine and imprisonment.

**IVC Policy on and Enforcement of Possession, Use and Sale of Alcoholic Beverages**

The possession, use and sale of alcohol on the IVC campus is governed by the SOCCCD Alcohol Policy and California state law. Laws regarding the possession, use, sale, consumption, and furnishing of alcohol are controlled by the California Department of Alcohol and Beverage Control (ABC). Primary responsibility for the enforcement of alcohol laws on IVC campus is IVCPD. It is unlawful to sell, furnish or provide alcohol to a person under the age of 21. The possession of alcohol by anyone under 21 years of age in a public place or a place open to the public is illegal. It is also a violation of the SOCCCD Alcohol Policy for anyone to consume or possess alcohol in any public/private area of the campuses without prior District approval. Organizations or groups violating alcohol/substance policies or laws may be subject to sanctions by the district.

**Drug Free Schools and Communities Act**

In compliance with the Drug Free Schools and Communities Act, Irvine Valley College publishes information regarding the College’s educational programs related to drug and alcohol abuse prevention; sanctions for violations of federal, state, and local laws and College policy; a description of health risks associated with alcohol and other drug use; and a description of available treatment programs for IVC students and employees. A complete description of these topics, as provided in the
College’s annual notification to students and employees, is available online at: https://www.ivc.edu/policies/substance.

Any student or employee in violation of this policy is subject to disciplinary action up to, and including, expulsion from Irvine Valley College or termination of employment in case of violation of the standards of conduct as specified in collective bargaining agreements and the California education code. (AR-5520)

The possession, sale, manufacture, use or distribution of any controlled substance is illegal under both state and federal laws. Irvine Valley College Police Department strictly enforce such laws. Violators are subject to college disciplinary action, criminal prosecution, fine, and imprisonment. (AR-5520)

Irvine Valley College does not permit students to use medically prescribed marijuana at any college site or any college-sponsored activity. Irvine Valley College Police Department enforces California underage drinking laws, as well as both state and federal drug laws. Information on drug and alcohol abuse is available at the Health & Wellness Center. (AR 3550)

**Health Risks of Alcohol and other Drug Use**

Substance abuse can cause extremely serious health and behavioral problems, including short- and long-term effects on the body and mind. The physiological and psychological responses differ according to the chemical ingested. Although chronic health problems are associated with long-term substance abuse, acute and traumatic reactions can occur from one-time and moderate use. Drugs such as LSD, amphetamines, marijuana, cocaine, and alcohol alter emotions, cognition, perception, physiology, and behavior. Drug use during pregnancy may result in miscarriage, fetal damage, and birth defects causing hyperactivity, neurological abnormalities, developmental difficulties, and infant death.

Alcohol acts as a depressant to the central nervous system and can cause serious short- and long-term damage. Short-term effects include nausea, vomiting and ulcers; more chronic abuse can lead to brain, liver, kidney and heart damage and even eventual death. Ingesting a large amount of alcohol at one time can lead to alcohol poisoning, coma, and death. Acute health problems as a result of alcohol and drug use may include heart attack, stroke, and sudden death, which, in the case of drugs such as cocaine, can be triggered by first-time use.
Long lasting health effects of drugs and alcohol may include disruption of normal heart rhythm, high blood pressure, blood vessel leaks in the brain, destruction of brain cells and permanent memory loss, infertility, impotence, immune system impairment, kidney failure, cirrhosis of the liver, and pulmonary (lung) damage. Marijuana and Federal Law
Under the Federal Controlled Substance Act (CSA) Title 21 of the United States Code, marijuana is a Schedule 1 hallucinogenic drug. This means the federal government believes it has a high potential for abuse and no currently accepted medical use. The CSA takes precedence over the laws of California. Technically, therefore, when you sell, transport, or give away marijuana, you violate federal law, even if you are abiding by California’s medical marijuana law or recreational marijuana legalization law.

Firearms and Weapons
The following are laws and Administrative Regulations (ARs) that pertain to firearms, weapons, or destructive devices on college property: It is unlawful for any person to bring or possess any firearm (loaded or unloaded) upon the campus of, or building, owned or operated for student teaching, research or administration by a public or private college (certain exceptions apply). (AR-3530, California Penal Code 626.9(h) & 626.9(i)). It is unlawful for any person to bring or possess any dirk, dagger, ice pick or knife having a fixed blade longer than 2.5 inches upon the grounds of, or within the California Community Colleges (certain exceptions apply). (AR-3530, California Penal Code 626.10(b)).

It is unlawful for any person, except in self-defense, to draw or exhibit an imitation firearm, toy gun or a replica of a firearm in a threatening manner against another in such a way as to cause a reasonable person apprehension or fear of bodily harm. (California Penal Code 417.4)

It is unlawful for any person to bring or possess a less than lethal weapon as defined in California Penal Code Section 16780, or a stun gun as defined in California Penal Code Section 17230, upon the grounds of or within a public or private college (certain exceptions apply). (California Penal Code 626.10(i)) It is unlawful for any person to possess for any reason any explosives, pipe bomb, grenade, destructive device or dry ice bomb. (California Penal Code 18710) It is unlawful for any person to possess any type of cane gun, wallet gun, any undetectable or camouflaged firearm, ballistic knife, belt buckle knife, leded cane sword, zip gun, lipstick case knife, writing pen knife, practice hand grenade, billy club, sand club, sap, metal, composite or hardwood knuckles, shuriken, nunchaku, or blackjack. (California Penal Codes 19200(b), 20310, 20410, 20510, 20610, 20910, 21110, 21710, 21810, 22210, 22410, 24310, 24410, 24710 and 33600).
Sexual Assault Investigations (HEOA) Notification to Victims of Crimes of Violence

Upon written request, the college will disclose to the alleged victim of a crime of violence (as defined under United States Code Title 18, Section 16) or a non-forcible sex offense the report on the results of any disciplinary proceeding, conducted by the institution against a student who is the alleged perpetrator of such crime or offense upon written request. If the alleged victim is deceased as a result of the alleged crime or offense, the next of kin of such victim shall be treated as the alleged victim for this purpose. Irvine Valley College Disciplinary Actions: Sexual Assault

IVC does not tolerate sexual assault in any form and adheres to SOCCCD Board Policies (BP) and Administrative Regulations (AR) 3430 – Unlawful Harassment and Discrimination Prevention and Complaints, BP and AR 3433 – Sexual Harassment Prevention and Complaints Under Title IX, BP and AR 5500 - Standards of Student Conduct and Discipline Procedures, and BP and AR 3540 - Sexual and Other Related Assaults on Campus, as campus policy in matters related to sexual harassment, to include sexual assault, dating violence, domestic violence, stalking, and sexual harassment. The policies and regulations can be found on the SOCCCD website at https://www.socccd.edu/about/about_boardpolicynew.html or by contacting the Title IX Coordinator, Campus Police Department, or the Office of the Vice President for Student Services.

Currently the four policies are being reviewed for update to reflect additional requirements and to provide more consistent and cohesive information for awareness, education, and discipline.

If the assailant was a student, staff, or faculty member of Irvine Valley College, complainants are strongly encouraged to notify the Title IX Coordinator, Dr. Martha McDonald. Your report will be investigated promptly and thoroughly. Even if you or criminal justice authorities choose not to prosecute, the college can pursue disciplinary action against your respondent and provide you with support resources. Where there is disclosed allegation that a sexual assault has occurred and that a student, faculty, or staff member has violated any District policy or regulation, all complaints will be investigated promptly and thoroughly. Even if the complainant or criminal justice authorities choose not to prosecute, the college can pursue disciplinary action if the assailant is a student, staff, or faculty member. If the incident involves someone under 18 years old, the appropriate legal guidelines and notifications will be followed. Incidents involving non-members of the college
community will be processed according to local and state laws.

**ADMINISTRATIVE REGULATION 3430 - UNLAWFUL HARASSMENT AND DISCRIMINATION PREVENTION AND COMPLAINTS**

**I. GENERAL**

As provided in Board Policy 3430 Unlawful Harassment and Discrimination Prevention and Complaints, the District is committed to providing an academic and work environment that respects the dignity of all individuals and groups. This regulation defines sexual harassment as well as other forms of harassment on campus, and sets forth a procedure for the investigation and resolution of complaints by or against any staff or faculty member or student within the District.

This regulation and the related policy protects students, employees, unpaid interns, and volunteers in connection with all the academic, educational, extracurricular, athletic, and other programs of the District, whether those programs take place in the District’s facilities, a District vehicle, or at a class or training program sponsored by the District at another location.

**II. DEFINITIONS**

**General Harassment**

Harassment based on race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, military and veteran status, the perception that a person has one or more of these characteristics, or based on association with a person or group with one or more of these actual or perceived characteristics is illegal and violates District policy. Harassment shall be found where a reasonable person with the same characteristic as the complainant of the harassing conduct would be adversely affected to a degree that interferes with their ability to participate in or to realize the intended benefits of an institutional activity, employment, or resource.

Gender-based harassment does not necessarily involve conduct that is sexual. Any hostile or offensive conduct based on gender can constitute prohibited harassment if it meets the definition above. For example, repeated derisive comments about a person’s competency to do the job, when based on that person’s gender, could constitute gender-based harassment. Harassment comes in many forms, including but not limited to the following conduct that could, depending on the circumstances, meet the definition above, or could contribute to a set of circumstances that meets the definition:

1. **Verbal**

   Inappropriate or offensive remarks, slurs, jokes or innuendoes based on a person’s race, gender, sexual orientation, or other protected status. This may include, but is not limited to, inappropriate comments regarding an individual’s body, physical appearance, attire, sexual prowess, marital status, or sexual orientation; unwelcome flirting or propositions; demands for sexual favors; verbal abuse, threats or intimidation; or sexist, patronizing or ridiculing statements that convey derogatory attitudes based on gender, race, nationality, sexual orientation or other protected status.
2. Physical

Inappropriate or offensive touching, assault, or physical interference with free movement. This may include, but is not limited to, kissing, patting, lingering or intimate touches, grabbing, pinching, leering, staring, unnecessarily brushing against or blocking another person, whistling or sexual gestures. It also includes any physical assault or intimidation directed at an individual due to that person’s gender, race, national origin, sexual orientation or other protected status. Physical sexual harassment includes acts of sexual violence, such as rape, sexual assault, sexual battery, and sexual coercion. Sexual violence refers to physical sexual acts perpetrated against a person’s will or where a person is incapable of giving consent due to the complainant’s use of drugs or alcohol. An individual also may be unable to give consent due to an intellectual or other disability.

3. Visual or Written

The display or circulation of visual or written material that degrades an individual or group based on gender, race, nationality, sexual orientation or other protected status. This may include, but is not limited to, posters, cartoons, drawings, graffiti, reading materials, computer graphics or electronic media transmissions.

4. Environmental

A hostile academic or work environment may exist where it is permeated by sexual innuendo; insults or abusive comments directed at an individual or group based on gender, race, nationality, sexual orientation or other protected status; or gratuitous comments regarding gender, race, sexual orientation, or other protected statuses that are not relevant to the subject matter of the class or activities on the job. A hostile environment can arise from:

- an unwarranted focus on sexual topics or sexually suggestive statements in the classroom or work environment;
- an unwarranted focus on, or stereotyping of particular racial or ethnic groups, sexual orientations, genders, or other protected statuses;

An environment may be hostile toward anyone who merely witnesses unlawful harassment in their immediate surroundings, although the conduct is directed at others. The determination of whether an environment is hostile is based on the totality of the circumstances, including such factors as the frequency of the conduct, the severity of the conduct, whether the conduct is humiliating or physically threatening, and whether the conduct unreasonably interferes with an individual’s learning or work activities.

Sexual Harassment

In addition to the above forms of harassment, sexual harassment consists of unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct of a sexual nature made by someone from, or in, the work or educational setting when:

- Submission to the conduct is explicitly or implicitly made a term or condition of an individual’s employment, academic status, progress, internship, or volunteer activity;
• Submission to or rejection of, the conduct by the individual is used as a basis of employment or academic decisions affecting the individual;

• The conduct has the purpose or effect of having a negative impact upon the individual’s work or academic performance, or of creating an intimidating, hostile or offensive work or educational environment (as more fully described below); or

• Submission to, or rejection of, the conduct by the individual is used as the basis for any decisions affecting the individual regarding benefits and services, honors, programs, or activities available at or through the District or the colleges.

This definition encompasses two kinds of sexual harassment:

1. **Quid Pro Quo**: Quid pro quo sexual harassment occurs when a person in a position of authority makes educational or employment benefits conditional upon an individual’s willingness to engage in or tolerate unwanted sexual conduct.

2. **Hostile Environment**: Hostile environment sexual harassment occurs when unwelcome conduct based on a person’s gender alters the conditions of an individual’s academic or work performance, unreasonably interferes with an individual’s academic or work performance, or creates an intimidating, hostile, or abusive learning or work environment. The complainant must subjectively perceive the environment as hostile, and the harassment must be such that a reasonable person of the same gender would perceive the environment as hostile. A single or isolated incident of sexual harassment may be sufficient to create a hostile environment if it unreasonably interfered with the person’s academic or work performance or created an intimidating, hostile, or offensive learning or working environment.

Sexual harassing conduct can occur between people of the same or different genders. The standard for determining whether conduct constitutes sexual harassment is whether a reasonable person of the same gender as the complainant would perceive the conduct as harassment based on sex.

**Consensual Relationships**

Romantic and/or sexual relationships between either employees of the District or between an employee and a student where there is an inherent imbalance of power and/or the potential for exploitation are prohibited.

1. **Employee-to-Employee**
   
   Consensual romantic and/or sexual relationships between employees of the District have the potential for creating negative conflicts that can affect the work and/or educational environment. Thus, individuals serving in supervisory roles are prohibited from engaging in consensual relationships with subordinates.

2. **Employee-to-Student**

   Faculty members are prohibited from engaging in consensual romantic and/or sexual relationships with students enrolled in their class. So, too, are administrators, staff, or any other employee who has a supervisory role over a student.

   Conflicts of interest may arise if the administrator, faculty member, or staff member must evaluate the employee’s or student’s work or make decisions affecting the employee or student.
A consensual sexual relationship may change, with the result that sexual conduct that was once welcome becomes unwelcome and harassing.

In the event that such relationships do occur, the District has the authority to transfer and or change an assignment of any involved employee, to eliminate or attenuate the supervisory authority of one over the other, or of a faculty member over a student. Such action by the District is a proactive and preventive measure to avoid possible charges of harassment and does not constitute discipline against any affected employee.

**Academic Freedom**

No provision of this Administrative Regulation shall be interpreted to prohibit conduct that is legitimately related to the course content, teaching methods, scholarship, or public commentary of an individual faculty member or the educational, political, artistic, or literary expression of students in classrooms and public forums. Freedom of speech and academic freedom are, however, not limitless and this regulation will not protect speech or expressive conduct that violates federal or California anti-discrimination laws.

The law prohibits coworkers, supervisors, managers, and third parties with whom an employee comes into contact from engaging in harassment, discrimination, or retaliation. Any person who has suffered harassment, discrimination, or retaliation may file a formal or informal complaint of harassment, discrimination, or retaliation.

Written and signed complaints on a form prescribed by the State Chancellor’s Office are encouraged but not required. A formal complaint is a written and signed statement filed with the District or the California Community Colleges Chancellor’s Office that alleges harassment, discrimination, or retaliation in violation of the District’s Board Policies, Administrative Regulations or in violation of state or federal law. An informal complaint is any of the following: (1) An unwritten allegation of harassment, discrimination, or retaliation; (2) a written allegation of harassment, discrimination, or retaliation that falls outside the timelines for a formal complaint; or (3) a written complaint alleging harassment, discrimination, or retaliation filed by an individual who expressly indicates that they do not want to file a formal complaint.

**Informal Complaints**

Any person may submit an informal complaint to the Vice Chancellor, Human Resources or any other District or college administrator. Administrators receiving an informal complaint shall immediately notify the Vice Chancellor, Human Resources in writing of all pertinent information and facts alleged in the informal complaint.

Upon receipt of an informal complaint, the Vice Chancellor, Human Resources or designee will notify the person bringing the informal complaint of their right to file a formal complaint, if the incident falls within the timeline for a formal complaint, and explain the process for doing so. The complainant may later decide to file a formal complaint, if within the timelines to do so. If the individual chooses not to file a formal complaint, or if the alleged conduct falls outside the timeline to file a formal complaint, the Vice Chancellor, Human Resources or designee shall consider the allegations contained in the informal complaint and determine the appropriate course of action. This may include efforts to informally resolve the matter, or a fact-finding investigation.
Investigation of an informal complaint will be appropriate if the Vice Chancellor, Human Resources or designee determines that the allegation(s), if proven true, would constitute a violation of the District policy prohibiting harassment, discrimination, or retaliation. The Vice Chancellor, Human Resources or designee will explain to any individual bringing an informal complaint that the Vice Chancellor, Human Resources or designee may decide to initiate an investigation, even if the individual does not wish the Vice Chancellor, Human Resources or designee to do so. The Vice Chancellor, Human Resources or designee shall not disregard any allegations of harassment, discrimination, or retaliation solely on the basis that the alleged conduct falls outside the deadline to file a formal complaint.

**Formal Complaints**

Formal complaints must be filed with the Chancellor of the California Community Colleges or the Vice Chancellor, Human Resources unless the party submitting the formal complaint alleges discrimination, harassment, or retaliation against the responsible District officer, in which case it should be submitted directly to the Chancellor of the California Community Colleges.

Formal complaints should be submitted on the form prescribed by the Chancellor of the California Community Colleges. A copy of the form will be available from the Vice Chancellor, Human Resources, at the California Community Colleges Chancellor’s website, and at the following URL: http://www.socccd.edu/humanresources/documents/UnlawfulDiscriminationComplaintFormFillableREV.1-05-17.pdf.

If any party submits a written allegation of harassment, discrimination, or retaliation not on the form described above, the District will seek to have the individual complete and submit the form. However, if the individual chooses not to do so, the District will attach the written allegation(s) to the form and treat it as a formal complaint. In no instance will the District reject a written allegation of harassment, discrimination, or retaliation on the basis that it was not submitted on the proper form.

A formal complaint must meet each of the following criteria:

1. It must allege facts with enough specificity to show that the allegations, if true, would constitute a violation of District policies or regulations prohibiting discrimination, harassment, or retaliation;

2. The complainant must sign and date the formal complaint;

3. The complainant must file any formal complaint not involving employment within one year of the date of the alleged discriminatory, harassing, or retaliatory conduct or within one year of the date on which the complainant knew or should have known of the facts underlying the allegation(s) of discrimination, harassment, or retaliation.

4. The complainant must file any formal complaint alleging discrimination, harassment, or retaliation in employment within 180 days of the date of the alleged discriminatory, harassing, or retaliatory conduct, except that this period shall extended by no more than 90 days following the expiration of the 180 days if the complainant first obtained knowledge of the facts of the alleged violation after the expiration of the 180 days.

If the formal complaint does not meet the requirements set forth above, the Vice Chancellor, Human Resources or designee will promptly return it to the complainant and specify the defect. If the sole defect is that, the formal complaint was filed outside the applicable prescribed timeline, the Vice Chancellor, Human Resources or designee will handle the matter as an informal complaint.
Oversight of Complaint Process

The Vice Chancellor, Human Resources is the "responsible District officer" charged with receiving complaints of discrimination or harassment, and coordinating their investigation.

The actual investigation of complaints may be assigned by the Vice Chancellor, Human Resources to other staff or to outside persons or organizations under contract with the District. This shall occur whenever the Vice Chancellor, Human Resources is named in the complaint or implicated by the allegations in the complaint.

Who May File a Complaint

Any student, employee, or third party who believes they have been discriminated against or harassed by a student, employee, or third party in violation of this regulation and related policy.

Where to File a Complaint

A student, employee, or third party who believes they have been discriminated against or harassed in violation of this policy and regulation may make a complaint orally or in writing.

If a complainant decides to file a formal written unlawful discrimination or harassment complaint against the District, they are encouraged to file the complaint on a form prescribed by the California Community Colleges Chancellor’s Office. These approved forms are available from the Vice Chancellor, Human Resources and at the California Community Colleges Chancellor’s Office website.

The completed form must be filed with any of the following:

- The Vice Chancellor, Human Resources, if the complainant is an employee;
- The Vice President, Student Services, if the complainant is a student; or
- The California Community Colleges Chancellor’s Office

Employee-Related Complaints

Complainants filing employment-related complaints shall be notified that they may file employment discrimination complaints with the U.S. Equal Employment Opportunity Commission (EEOC) or the California Department of Fair Employment and Housing (DFEH).

Complaints filed with the EEOC or the DFEH should be forwarded to the California Community Colleges Chancellor’s Office.

Any District employee who receives a harassment or discrimination complaint shall notify the Vice Chancellor, Human Resources immediately.

Filing a Timely Complaint

Since failure to report harassment and discrimination impedes the District’s ability to stop the behavior, the District strongly encourages anyone who believes they are being harassed or discriminated against, to file a complaint. The District also strongly encourages the filing of such complaints within 30 days of the alleged incident. While all complaints are taken seriously and will be investigated promptly, delay in filing impedes the District’s ability to investigate and remediate.
All supervisors and managers have a mandatory duty to report incidents of harassment and discrimination or the existence of a hostile, offensive or intimidating work environment, and acts of retaliation.

The District will investigate complaints involving acts that occur off campus if they are related to an academic or work activity or if the harassing conduct interferes with or limits a student’s or employee’s ability to participate in or benefit from educational or employment activities.

**Communicating that the Conduct is Unwelcome**

The District encourages faculty, students and staff to let the offending person know immediately and firmly that the conduct or behavior is unwelcome, offensive, in poor taste or inappropriate. However, a complainant need not tell the respondent to stop or that the conduct makes them feel uncomfortable.

**IV. INTAKE AND PROCESSING OF THE COMPLAINT:**

Upon receiving notification of a harassment or discrimination complaint, the Vice Chancellor, Human Resources or designee shall:

Advise a student complainant that they may file a complaint with the Office for Civil Rights of the U.S. Department of Education and employee complainants may file a complaint with the California Department of Fair Employment and Housing or with the federal Equal Employment Opportunity Commission. All complainants should be advised that they have a right to file a complaint with local law enforcement. The District must investigate even if the complainant files a complaint with local law enforcement. In addition, the District should ensure that complainants are aware of any available resources, such as counseling, health, and mental health services. The Vice Chancellor, Human Resources or designee shall also notify the Chancellor of California Community Colleges of the complaint.

Undertake efforts to informally resolve the charges, including but not limited to mediation, rearrangement of work/academic schedules; obtaining apologies; providing informal counseling or training, etc.;

Advise the complainant that they need not participate in an informal resolution of the complaint, as described below, and that they have the right to end the informal resolution process at any time.

Take interim steps to protect a complainant from coming into contact with a respondent, especially if the complainant is a victim of sexual violence. The Title IX Coordinator, the responsible District officer or the designee should notify the complainant of their options to avoid contact with the respondent and allow students to change academic situations as appropriate. For instance, the District may prohibit the respondent from having any contact with the complainant pending the results of the investigation. When taking steps to separate the complainant and respondent, the District shall minimize the burden on the complainant. For example, it is not appropriate to remove complainants from classes or housing while allowing the respondent(s) to remain.
IV. INVESTIGATION

The Title IX Coordinator, the responsible District officer or designee shall:

Authorize the investigation of the complaint, and supervise or conduct a thorough, prompt and impartial investigation of the complaint, as set forth below. Where complainants opt for informal resolution, the designated officer will determine whether further investigation is necessary to ensure resolution of the matter and utilize the investigation process outlined below as appropriate. In the case of a formal complaint, the investigation will include interviews with the complainant, the respondent, and any other persons who may have relevant knowledge concerning the complaint. This may include complainants of similar conduct.

Review the factual information gathered through the investigation to determine whether the alleged conduct constitutes harassment, or other unlawful discriminatory conduct, giving consideration to all factual information and the totality of the circumstances, including the nature of the verbal, physical, visual or sexual conduct, and the context in which the alleged incidents occurred.

Investigation of the Complaint

The District shall promptly investigate every complaint of harassment or discrimination. No claim of workplace or academic harassment or discrimination shall remain unexamined. This includes complaints involving activities that occur off campus and in connection with all the academic, educational, extracurricular, athletic, and other programs of the District, whether those programs take place in the District’s facilities, in a District vehicle, or at a class or training program sponsored by the District at another location. The District shall promptly investigate complaints of harassment or discrimination that occur off campus if the alleged conduct creates a hostile environment on campus.

As set forth above, where the complainant opts for an informal resolution, the Vice Chancellor, Human Resources or designee may limit the scope of the investigation, as appropriate. The District will keep the investigation confidential to the extent possible, but cannot guarantee absolute confidentiality because release of some information on a “need- to-know-basis” is essential to a thorough investigation. When determining whether to maintain confidentiality, the District may weigh the request for confidentiality against the following factors: the seriousness of the alleged harassment; the complainant’s age; whether there have been other harassment complaints about the same individual; and the respondent’s rights to receive information about the allegations if the information is maintained by the District as an “education record” under the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 1232g; 34 C.F.R. Part 99.15. The District will inform the complainant if it cannot maintain confidentiality.

Investigation Steps

The District will fairly and objectively investigate harassment and discrimination complaints. Employees designated to serve as investigators under this regulation shall have adequate training on what constitutes sexual harassment, including sexual violence, and how the District’s grievance process operates. The investigator may not have any real or perceived conflicts of interest and must be able to investigate the allegations impartially.

Investigators will use the following steps: interviewing the complainant(s); interviewing the respondent(s); identifying and interviewing witnesses and evidence identified by each party;
identifying and interviewing any other witnesses, if needed, reminding all individuals interviewed of the District’s no-retaliation policy; considering whether any involved person should be removed from the campus pending completion of the investigation; reviewing personnel/academic files of all involved parties; reach a conclusion as to the allegations and any appropriate disciplinary and remedial action; and see that all recommended action is carried out in a timely fashion. When the District evaluates the complaint, it shall do so using a preponderance of the evidence standard. Thus, after considering all the evidence it has gathered, the District will decide whether it is more likely than not that discrimination or harassment has occurred.

**Timeline for Completion**

The District will undertake its investigation promptly and swiftly as possible. To that end, the investigator shall complete the above steps, and prepare a written report within 90 days of the District receiving the complaint.

**Cooperation Encouraged**

All employees are expected to cooperate with a District investigation into allegations of harassment or discrimination. Lack of cooperation impedes the ability of the District to investigate thoroughly and respond effectively. However, lack of cooperation by a complainant or witnesses does not relieve the District of its obligation to investigate. The District will conduct an investigation if it is discovered that harassment is, or may be occurring, with or without the cooperation of the complainant(s) and regardless of whether a complaint is filed. No employee will be retaliated against as a result of lodging a complaint or participating in any workplace investigation.

**Written Report**

The results of the investigation shall be set forth in a written report that will include at least all of the following information:

1. A description of the circumstances giving rise to the formal complaint;
2. A summary of the testimony of each witness interviewed by the investigator;
3. An analysis of any relevant evidence collected during the investigation;
4. A specific finding as to whether there is probable cause to believe that discrimination, harassment, or retaliation occurred with respect to each allegation in the complaint; and
5. Any other information deemed appropriate by the District.

**Confidentiality of the Process**

Investigations are best conducted within a confidential climate. Therefore, the District does not reveal information about ongoing investigations except as necessary to fulfill its legal obligations. The District will keep the investigation confidential to the extent possible, but it cannot guarantee absolute confidentiality because release of some information on a “need-to-know-basis” is essential to a thorough investigation and to protect the rights of student respondents and employees during the investigation process and any ensuing discipline.
Administrative Determination

In any case not involving employment discrimination, within 90 days of receiving a formal complaint, the District shall complete its investigation and forward a copy of the investigative report to the Chancellor of the California Community Colleges, a copy or summary of the report to the complainant, and written notice setting forth all of the following to both the complainant and the Chancellor:

1. The determination of the Chancellor or designee as to whether there is probable cause to believe discrimination occurred with respect to each allegation in the complaint;
2. A description of actions taken, if any, to prevent similar problems from occurring in the future;
3. The proposed resolution of the complaint; and
4. The complainant's right to appeal to the District Board of Trustees and the Chancellor of California Community Colleges.

In any case involving employment discrimination, within 90 days of receiving a formal complaint, the District shall complete its investigation and forward a copy or summary of the report to the complainant, and written notice setting forth all the following to the complainant:

1. The determination of the Chancellor or designee as to whether there is probable cause to believe discrimination occurred with respect to each allegation in the complaint;
2. A description of actions taken, if any, to prevent similar problems from occurring in the future;
3. The proposed resolution of the complaint; and
4. The complainant's right to appeal to the District governing board and to file a complaint with Department of Fair Employment and Housing or the U.S Equal Employment Opportunity Commission.

Discipline and Corrective Action

If harassment, discrimination or retaliation occurred in violation of the policy or regulation, the District shall take appropriate disciplinary action against the respondent and any other remedial action it determines to be appropriate. The action will be prompt, effective, and commensurate with the severity of the offense. Remedies for the complainant might include, but are not limited to:

1. Providing an escort to ensure that the complainant can move safely between classes and activities;
2. Ensuring that the complainant and respondent do not attend the same classes or work in the same work area;
3. Preventing offending third parties from entering campus;
4. Providing counseling services or a referral to counseling services;

5. Providing medical services or a referral to medical services;

6. Providing academic support services, such as tutoring;

7. Arranging for a student-complainant to re-take a course or withdraw from a class without penalty, including ensuring that any changes do not adversely affect the complainant’s academic record; and

8. Reviewing any disciplinary actions taken against the complainant to see if there is a causal connection between the harassment and the misconduct that may have resulted in the complainant being disciplined.

If the District imposes discipline, the nature of the discipline will not be communicated to the complainant. However, the District may disclose information about the sanction imposed on an individual who was found to have engaged in harassment when the sanction directly relates to the complainant; for example, the District may inform the complainant that the respondent must stay away from the complainant.

Disciplinary actions against faculty, staff and students will conform to all relevant statutes, regulations, personnel policies and regulations, including the provisions of any applicable collective bargaining agreement.

The District shall also take reasonable steps to protect the complainant from further harassment, or discrimination, and to protect the complainant, respondent, and witnesses from retaliation as a result of communicating the complaint or assisting in the investigation. The District will ensure that complainants and witnesses know how to report any subsequent problems, and should follow-up with complainants to determine whether any retaliation or new incidents of harassment have occurred. The District shall take reasonable steps to ensure the confidentiality of the investigation and to protect the privacy of all parties to the extent possible without impeding the District’s ability to investigate and respond effectively to the complaint.

If the District cannot take disciplinary action against the respondent because the complainant refuses to participate in the investigation, it should pursue other steps to limit the effects of the alleged harassment and prevent its recurrence.

V. APPEALS

If the District imposes discipline against a respondent as a result of the findings in its investigation, the respondent may appeal the decision using the process for appealing a disciplinary decision.

If the complainant is not satisfied with the results of the administrative determination, they may, within 15 days, submit a written appeal to the Board of Trustees. The Board shall review the original complaint, the investigative report, the administrative decision, and the appeal. The Board shall issue a final District decision in the matter within 45 days after receiving the appeal. A copy of the decision rendered by the Board shall be forwarded to the complainant and to the California Community Colleges Chancellor’s Office. The complainant shall also be notified of their right to appeal this decision.

If the Board does not act within 45 days the administrative determination shall be deemed approved and shall become the final decision of the District in the matter.
In any case not involving workplace discrimination, harassment, or retaliation, the complainant shall have the right to file a written appeal with the state Chancellor’s Office within 30 days after the Board issued the final District decision or permitted the administrative decision to become final. Such appeals shall be processed pursuant to the provision of Section 59350 of Title 5 of the California Code of Regulations.

In any case involving employment discrimination, including workplace harassment, the complainant may, at any time before or after the issuance of the final decision of the District, file a complaint with the Department of Fair Employment and Housing.

**Extension of Time**

Within 150 days of receiving a formal complaint that does not involve employment discrimination, the District shall forward to the California Community Colleges Chancellor’s Office the original complaint, the investigatory report, a copy of the written notice to the complainant setting forth the results of the investigation, a copy of the final administrative decision rendered by the Board or indicating the date upon which the decision became final, and a copy of the notification to the complainant of their appeal rights. If, due to circumstances beyond its control, the District is unable to comply with the 150-day deadline for submission of materials, it may file a written request for an extension of time no later than ten days prior to the expiration of the deadline.

**File Retention**

The District will retain on file for a period of at least three years after closing the case copies of:

1. the original complaint
2. the investigatory report;
3. the summary of the report if one is prepared;
4. the notice provided to the complainant, of the District’s administrative determination and their right to appeal;
5. any appeal; and
6. the District’s final decision.

7. The District will make such documents available to the Chancellor of the California Community Colleges upon request.

**VI. SEXUAL MISCONDUCT COMPLAINTS**

Where the complaint allegation consists of Sexual Misconduct, as defined by Title IX, the following applies:

**Sexual Misconduct**

Sexual misconduct includes sexual harassment and sexual violence.

1. Sexual harassment may include unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct of a sexual nature, made by someone from or in the work or education setting.
2. Sexual violence refers to physical sexual acts perpetrated against a person’s will or when a person is incapable of giving consent due to the complainant’s use of drugs or alcohol or due to an intellectual or other disability. Sexual violence includes rape, sexual assault, sexual battery, and sexual coercion.

3. Affirmative consent means an affirmative, conscious, and voluntary agreement to engage in sexual activity.

Sexual misconduct creates a hostile environment if the conduct is sufficiently serious that it interferes with or limits a student’s ability to participate in or benefit from the District’s program. A single or isolated incident may create a hostile environment if the incident is sufficiently severe.

Complaint Process

Where the complaint involves a minor, the District will comply with California mandated reporting requirements.

All responsible employees are required to report all actual or suspected sexual misconduct to the Title IX Coordinator or Title IX Officers immediately. A responsible employee is any employee who has the authority to take action to redress sexual misconduct, who has been given the duty of reporting incidents of sexual misconduct to the Title IX Coordinator or designee, or whom a student or employee could reasonably believe has this authority or duty. The District is on notice if a responsible employee knew, or in the exercise of reasonable care should have known, about the sexual misconduct.

Any person may make a complaint by contacting the Title IX Coordinator and/or Title IX Officers directly. The District’s Title IX Coordinator is the Vice Chancellor, Human Resources, (949) 582-4699, located in District Human Resources (third floor of Saddleback College Health Sciences Building). The Irvine Valley College Title IX Officer is the Vice President for Student Services, (949) 451-5214, located in the Administration Building (A 100). The Saddleback College Title IX Officer is the Vice President for Student Services, (949) 582-4566, located in the Administration Building (Room 126).

The Title IX Coordinator or Title IX Officers will receive all relevant details about the alleged sexual misconduct reported to the District responsible employee in order to determine what occurred and how to resolve the situation. This includes the names of the complainant and respondent (if known), and the date, time, and location of the alleged sexual misconduct.

Privileged or Confidential Reporting

A District employee should, whenever possible, before a student or employee reveals information that they may wish to keep confidential, ensure that the person making the report understands the employee’s obligations to report to the Title IX Coordinator or Title IX Officers, the complainant’s option to request confidentiality, which the District will take into consideration, and the complainant’s ability to share the information confidentially with designated District employees.

Professional, licensed, mental health counselors who provide mental-health counseling to members of the District community, or interns, graduate students, and others supervised by professional licensed counselors, are not required to report any information to the Title IX Coordinator. Professional, licensed medical professionals are bound to confidentiality, if a patient requests for information to be confidential.
Non-professional counselors who work or volunteer in a student health, wellness or counseling center, including front desk personnel and student employees in the course of their duties, must maintain confidentiality. They are not required to report actual or suspected sexual misconduct to the Title IX Coordinator or Title IX Officer in a way that identifies the student without the complainant’s consent. These individuals are limited to senior health office assistants, health office assistants, and student help/college work study.

Authority over Parties

The District has authority over students, employees, and third parties for alleged violations of this policy that occur on District property. The District has authority over District employees and students for alleged violations of this policy that occur at District activities or events. The District may exercise authority over events that occur off-campus to determine if the conduct occurred in the context of an education program or activity or had continuing effects on campus or in an off-campus education program or activity.

Standard of Proof

The District will use a “preponderance of the evidence” standard of proof in determining whether there has been a violation of this policy. This standard of proof is also known as “more likely than not” standard.

Upon Receiving the Complaint – Health and Safety

The Title IX Coordinator, together with the Title IX Officer, will make an immediate assessment concerning the health and safety of the complainant and campus community as a whole. The District will provide the reporting party and responding party with immediate, interim measures necessary to protect their health and safety. These immediate, interim measures may include:

1. providing an escort to ensure that the complainant can move safely between classes and activities;
2. ensuring that the complainant and respondent do not attend the same classes or work in the same work area;
3. preventing offending third parties from entering campus;
4. providing counseling services or a referral to counseling services;
5. providing medical services or a referral to medical services;
6. providing academic support services, such as tutoring;
7. arranging for a student-complainant to re-take a course or withdraw from a class without penalty, including ensuring that any changes do not adversely affect the complainant’s academic record; and
8. reviewing any disciplinary actions taken against the complainant to see if there is a causal connection between the harassment and the misconduct that may have resulted in the complainant being disciplined.

Where the District determines that there is a substantial threat to the campus community, it will issue a timely warning. The District will issue the warning according to District administrative regulations. The District will not disclose the complainant’s name or other identifying information when issuing the warning.
Communicating that the Conduct is Unwelcome

The employee or student may, but is not required to, let the offending person know immediately and firmly that the conduct or behavior is unwelcome, offensive, in poor taste, or inappropriate.

Intake and Processing of the Complaint

If the District determines that a sexual misconduct complaint is appropriate for informal resolution, it may permit an informal resolution, including mediation. All parties, including the complainant and respondent, must receive full disclosure of the allegations and information about options for formal resolution before voluntarily agreeing to participate in an informal resolution. If parties agree to an informal resolution, the District does not have to complete a full investigation and adjudication of a report of sexual misconduct.

Confidentiality

Where the complainant requests confidentiality regarding a reportable incident, the District will take all reasonable steps to comply with the complainant’s request or inform the complainant when it cannot ensure confidentiality. The District will not disclose the name of the complainant unless the complainant provides written consent after being informed of their right to have the information withheld. Where the complainant insists that the District not disclose their name or other identifiable information to the respondent, the District will inform the complainant that its ability to respond will be limited. The District will evaluate this request in the context of its responsibility to provide a safe and nondiscriminatory environment for all employees and students. When weighing a request for confidentiality against the seriousness of the alleged harassment, the Title IX Coordinator will take the factors listed above into consideration.

Fact-Finding Investigation

Where the complainant has filed a criminal complaint with local law enforcement, the District will consider what information the District is able to share, pursuant to state and federal law, to ensure that complainants are not unnecessarily required to give multiple statements about a traumatic event. The District will continue to conduct its own thorough, reliable, prompt, and impartial investigation. The District will normally complete its sexual misconduct investigation within 90 days of receiving the complaint, unless extended by the Title IX Coordinator or Title IX Officers for good cause. The Title IX Coordinator or Title IX Officers will notify the complainant and respondent in writing of the reason for the extension and the projected new timeline.

The results of the fact-finding investigation will be set out in a formal investigative report, which will include the requirements listed above and a credibility determination of the complainant, respondent, and witnesses.

Reporting to California Community Colleges Chancellor’s Office

The District considers all sexual misconduct complaints to be formal complaints. The Title IX Coordinator or other designated person must notify the State Chancellor’s Office of any sexual misconduct complaints. Upon completing the investigation, the District shall forward to the California Community Colleges Chancellor’s Office a copy of the investigative report and
administrative determination and to the complainant a copy or summary of the investigative report and administrative determination.

IV. DISSEMINATION OF POLICY AND REGULATIONS

District policy and regulations related to harassment will include information that specifically addresses sexual violence. District policy and regulations will be provided to all students, faculty members, members of the administrative staff and members of the support staff, and will be posted on campus and on the District website.

When hired, employees are required to sign that they have received the policy and regulations, and the signed acknowledgment of receipt is placed in each employee’s personnel file. In addition, these policies and procedures are incorporated into the District's course catalogs and orientation materials for new students.

V. TRAINING

For Employees

By January 1, 2020, the District shall provide at least two hours of classroom or other effective interactive training and education regarding sexual harassment to all supervisory employees and at least one-hour of classroom or other effective interactive training and education regarding sexual harassment to all nonsupervisory employees. All new employees must be provided with the training and education within six months of their assumption of their position. After January 1, 2020, the District shall provide sexual harassment training and education to each employee once every two years.

The training and education required by this regulation shall include information and practical guidance regarding the federal and state statutory provisions concerning the prohibition against and the prevention and correction of sexual harassment and the remedies available to complainants of sexual harassment in employment, a review of “abusive conduct,” and harassment based on gender identity, gender expression, and sexual orientation. The training and education shall also include practical examples aimed at instructing supervisors in the prevention of harassment, discrimination, and retaliation, and shall be presented by trainers or educators with knowledge and expertise in the prevention of harassment, discrimination, and retaliation. Supervisor’s harassment training must also address potential exposure and liability for employers and individuals, supervisor’s obligation to report sexual harassment, discrimination, and retaliation when they become aware of it, and appropriate remedial measures to correct harassing behavior.

The District will maintain appropriate records of the training provided, including the names of the supervisory employees trained, the date of training, sign in sheets, copies of all certificates of attendance or completion issued, the type of training provided, a copy of all written or recorded training materials, and the name of the training provider. If the training is provided by webinar, the District will maintain a copy of the webinar, all written materials used by the training and all written questions submitted during the webinar, and document all written response or guidance the trainer provided during the webinar. The District will retain these records for at least two years.

The District will also provide training to students who lead student organizations. The District should provide copies of the sexual harassment policies and training to all District law enforcement unit employees regarding the grievance processes and any other processes used for investigating reports of sexual violence.

In years in which a substantive policy or procedural change has occurred, all District employees will
attend a training update or receive a copy of the revised policies and regulations.

Participants in training programs will be required to sign a statement that they have either understood the policies and regulations, their responsibilities, and their own and the District’s potential liability, or that they did not understand the policy and desire further training.

**Education and Prevention for Students**

In order to take proactive measures to prevent sexual harassment and violence toward students, the District will provide preventive education programs and make victim resources, including comprehensive victim services, available. The District will include such programs in their orientation programs for new students, and in training for student athletes and coaches. These programs will include discussion of what constitutes sexual harassment and sexual violence, the District’s policies and disciplinary procedures, and the consequences of violating these policies. A training program or informational services will be made available to all students at least once annually.

The education programs will also include information aimed at encouraging students to report incidents of sexual violence to the appropriate District and law enforcement authorities. Since complainants or third parties may be deterred from reporting incidents if alcohol, drugs, or other violations of District or campus rules were involved, the District will inform students that the primary concern is for student safety and that use of alcohol or drugs never makes the complainant at fault for sexual violence. If other rules are violated, the District will address such violations separately from an allegation of sexual violence.

**Administrative Regulation 3540 South Orange County Community College District**

**Sexual and Other Assaults on Campus**

JEANNE CLERY DISCLOSURE OF CAMPUS SECURITY POLICY AND CAMPUS CRIME STATISTICS ACT, AS AMENDED BY THE VIOLENCE AGAINST WOMEN REAUTHORIZATION ACT OF 2013

Any sexual assault or physical abuse, as defined by California law, including, but not limited to, rape, whether committed by an employee, student, or member of the public, occurring on District property, in connection with all the academic, educational, extracurricular, athletic, and other programs of the District, whether those programs take place in the District’s facilities or at another location, or on an off-campus site or facility maintained by the District, or on grounds or facilities maintained by a student organization, is a violation of District policies and regulations, and is subject to all applicable punishment, including criminal procedures and employee or student discipline procedures (See also, AR 5500: Student Conduct).

Irvine Valley College (IVC) does not tolerate sexual assault in any form. IVC will investigate and address complaints in a prompt, fair, and impartial manner and prohibit any retaliation against a person who participates in proceedings under its policies.

**Gender Identity:** A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender identity, e.g., bias against transgender or gender non-conforming individuals.

**National Origin:** A preformed negative opinion or attitude toward a group of persons of the same race or national origin who share common or similar traits, languages, customs or traditions.

**Disability.** A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, age or illness.
**Dating Violence:** Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of a romantic or intimate relationship will be determined based on the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

i. For the purposes of this definition—
   A) Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
   B) Dating violence does not include acts covered under the definition of domestic violence.

ii. For the purposes of complying with the requirements of this section and §668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

**Domestic Violence:** Includes felony or misdemeanor crimes of violence committed by:

- A current or former spouse of the victim;
- A person with whom the victim shares a child in common;
- A person who is cohabitating with or has cohabitated with the victim as a spouse;

- Fear for his or her safety or the safety of others, or
- Suffer substantial emotional distress.

i. For the purposes of this definition—
   A) *Course of conduct* means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or
means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person’s property.

B) *Reasonable person* means a reasonable person under similar circumstances and with similar identities to the victim.

C) *Substantial emotional distress* means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

ii. For the purposes of complying with the requirements of this section and section 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

It is the responsibility of each person involved in sexual activity to ensure that he or she has the affirmative consent of the other or others to engage in the sexual activity. Lack of protest or resistance does not mean consent; nor does silence mean consent. Affirmative consent must be ongoing throughout a sexual activity and can be revoked at any time.

**DISCIPLINARY SANCTIONS EXEMPTION**

The District understands that students may be reluctant to file complaints of sexual assault or other violation of this policy when alcohol and/or drugs were used. Whenever possible, the District will respond educationally, rather than punitively, to the use of drugs and/or alcohol so as to promote the reporting of sexual assault or other violation of this policy. However, the District reserves the right to use other remedies dependent upon the severity of the alcohol or drug use. An individual who participates as a complainant or witness in an investigation of sexual assault or other violation of this policy will not be subject to disciplinary sanctions for a violation of the District’s student conduct policy at or near the time of the reported incident, unless the District determines that the violation was egregious, including, but not limited to, an action that places the health or safety of any other person at risk or involves plagiarism, cheating, or academic dishonesty.

**PROCEDURES AND PROTOCOLS**

The Vice President for Student Services shall identify his or her designees by position title in the district’s procedures or protocols. The written procedures and protocols developed by the District shall be designed to ensure victims of domestic violence, dating violence, stalking or sexual assault treatment and receive information in a timely, respectful and confidential manner. INVESTIGATIONS

The District will investigate all complaints alleging sexual assault under the procedures for sexual harassment investigations described in AR 3430 regardless of whether a complaint is filed with local law enforcement. The District will decide the complaint based on a preponderance of the evidence standard (whether it is more likely than not that the alleged conduct occurred).

All alleged victims of sexual assault on District property shall be kept informed, through the Vice President for Student Services, or designee, of any ongoing investigation. Information shall include the status of any student of employee disciplinary proceedings or appeal; alleged victims of sexual assault are required to maintain any such information in confidence, unless the alleged assailant has waived rights to confidentiality.

A complainant or witness who participates in an investigation of sexual assault, domestic violence, dating violence, or stalking is protected from retaliation.
NON-VALID EXCUSES

In the evaluation of complaints in any disciplinary process, it shall not be a valid excuse to alleged lack of affirmative consent that the accused believed that the complainant consented to the sexual activity under either of the following circumstances:

1. The accused’s belief in affirmative consent arose from the intoxication or recklessness of the accused.

2. The accused did not take reasonable steps, in the circumstances known to the accused at the time, to ascertain whether the complainant affirmatively consented.

In the evaluation of complaints in the disciplinary process, it shall not be a valid excuse that the accused believed that the complainant affirmatively consented to the sexual activity if the accused knew or reasonably should have known that the complainant was unable to consent to the sexual activity under any of the following circumstances:

1. The complainant was asleep or unconscious.

2. The complainant was incapacitated due to the influence of drugs, alcohol, or medication, so that the complainant could not understand the fact, nature, or extent of the sexual activity.

3. The complainant was unable to communicate due to a mental or physical condition.

CONFIDENTIALITY

The District shall maintain the identity of any alleged victim or witness, or third-party reporter of domestic violence, dating violence, sexual assault, or stalking on District property, as defined above, in confidence unless the alleged victim or witness specifically waives that right to confidentiality. All inquiries from reporters or other media representatives about alleged sexual assaults on District property shall be referred to the District’s Public Affairs office, which shall work with the Vice President for Student Services, or his or her designee, to assure that all confidentiality rights are maintained.

Victims may request that directory information on file with the District be withheld by request

IVC Registrar, Ruben Guzman (949) 451-5604

Regardless of whether a victim has opted-out of allowing the District to share “directory information,” personally identifiable information about the victim and other necessary parties will be treated as confidential and only shared with persons who have a specific need-to-know, i.e., those who are investigating/adjudicating the report or those involved in providing support services to the victim, including accommodations and protective measures. By only sharing personally identifiable information with individuals on a need-to-know
basis, the institution will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

The District does not publish the name of crime victims or other identifiable information regarding victims in the Daily Crime Log or in the annual crime statistics that are disclosed in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. Furthermore, if a Timely Warning Notice is issued on the basis of a report of domestic violence, dating violence, sexual assault or stalking, the name of the victim and other personally identifiable information about the victim will be withheld.

Procedures for College Disciplinary Action for Sexual Violence, Domestic Violence, Dating Violence, Stalking, and Sexual Harassment

The College’s disciplinary proceedings shall provide a prompt, fair, and impartial initial investigation and final resolution. The process will be conducted in a manner that is consistent with the institution’s policy and that is transparent to the accuser and the accused. Usually, the resolution of domestic violence, dating violence, sexual assault, and stalking complaints is completed within 60 days of the report. However, each proceeding allows for extensions of timeframes for good cause with written notice to the accuser and the accused of the delay and the reason for the delay.

Furthermore, each policy provides that:

- The complainant and the respondent will have timely notice for meetings at which the accuser or accused, or both, may be present;
- The complainant, the respondent and appropriate officials will have timely and equal access to any information that will be used during formal and informal disciplinary meeting and hearings;
- The institutional disciplinary procedures will not be conducted by officials who have a conflict of interest or bias for or against the complainant or the respondent;
- The complainant and the respondent are entitled to the same opportunities to have others present during a disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice. However, there are restrictions on the advisor’s role. The College will not limit the choice of advisor or presence for either the complainant or the respondent in any meeting or institutional disciplinary proceeding. However, the role of the advisor is limited.
- The complainant and the respondent each have the right to bring an advisor of choice to any meeting or proceeding in which they are required to be present. An advisor of choice can include a friend, parent, staff or faculty member, union representative, victim’s advocate, attorney, etc. The advisor’s role is to provide support to the complainant or the respondent, not to interfere with the meeting or to speak for or on behalf of the party.
• Proceedings will be conducted by annually trained officials. These officials are trained using the Association for Title IX Administrator’s (ATIXA) certification. Currently officials have completed ATIXA’s Civil Rights Investigator Level One, Civil Rights Investigator Level Two, and/or Title IX Coordinator Level One certification. In addition, officials have completed Title IX Hearing Panel Training through the Statewide Association of Community Colleges (SWACC). Trainings are completed annually and posted on the institutions Title IX Website. The trainings completed assist officials respond to allegations using trauma informed practices that help guide principals of practice for following institutional procedures. Trainings also help officials review and follow procedures for institutional disciplinary action. Conclusively, the trainings educate officials on the issues related to domestic violence, dating violence, sexual assault, and stalking as well as how to conduct an investigation and hearing process that protects the safety of the victim and promotes accountability.

• Protective measures (No Contact Orders) provided to the victim (to the extent it will not impair the institution’s ability to provide them with educational opportunities).

Both the complainant and the respondent shall be simultaneously informed in writing of:

• The result of any disciplinary proceedings that arises from an allegation of Sexual Violence, Domestic Violence, Dating Violence, or Stalking;
• The college’s procedures to appeal the results of the disciplinary proceeding;
• Any change to the disciplinary results that occurs prior to the time such results become final; and
• When disciplinary results become final.

Possible sanctions for students/employees to be imposed following the final determination of an on-campus disciplinary procedure regarding sexual assault, dating violence, domestic violence, and stalking may be one or any combination of the following:

• Verbal or Written Reprimand
• Mental Health Clearance
• Disciplinary Probation
• Suspension
• Expulsion
• Termination
• Days Off Work
Disciplinary Sanctions Exemption
The District understands that students may be reluctant to file complaints of sexual assault or other violations of this policy when alcohol and/or drugs were used. Whenever possible, the District will respond educationally, rather than punitively, to the use of drugs and/or alcohol to promote the reporting of sexual assaults or other violations of this policy. However, the District reserves the right to use other remedies dependent upon the severity of the alcohol or drug use. An individual who participates as a complainant or witness in an investigation of sexual assault or other violation of this policy will not be subject to disciplinary sanctions for a violation of the District’s student conduct policy at or near the time of the reported incident, unless the District determines that the violation was egregious, including, but not limited to, an action that places the health or safety of any other person at risk or involves plagiarism, cheating, or academic dishonesty.

Standard of Proof
A student or employee will be found either responsible or not responsible based on the “preponderance of the evidence,” meaning that is “more likely than not” that the student has violated the District's policy/regulation. The determination shall be based upon the thorough investigation of allegations and the weighing of evidence in totality by the Title IX Coordinator, or his or her designee.

The policies below address complaints against employees accused of domestic violence, dating violence, sexual assault, and stalking. The policies apply to all employees, regardless of their classification.

- Board Policy 3540: Sexual and Other Assaults on Campus
- Administrative Regulation 3540: Sexual and Other Assaults on Campus
- Administrative Regulation 3410: Nondiscrimination
- Board Policy 3430: Harassment and Discrimination Prevention and Complaint Procedures
- Administrative Regulation 3430: Harassment and Discrimination Prevention and Complaint Procedures
1. How to File a Disciplinary Complaint Under This Policy

A student, employee or third party may make a complaint verbally or in writing under the procedures of Administrative Regulation 3430. If a victim decides to file a formal written unlawful discrimination or harassment complaint against the District, they can obtain a form online through the District’s website at:

http://www.socccd.edu/hr/documents/SOCCCDUnlawfulDiscriminationComplaintForm.pdf

or through the California Community Colleges website at:

https://www.cccco.edu/About-Us/Chancellors-Office/Divisions/General-Counsel/Programs/College-District-Discrimination-Appeals

The complaint form must be filed with the Vice Chancellor, Human Resources; Vice President, Student Services; or the California Community Colleges Chancellor’s Office.

A full copy of the procedures for addressing such complaints can be found in Administrative Regulation 3430, available at the District’s website:

https://www.cccco.edu/Complaint-Process-Notice

2. How the College Determines Whether This Policy Will Be Used

Board Policy and Administrative Regulation 3540 apply to any student, faculty, or staff member who is a victim of sexual assault, domestic violence, dating violence, and/or stalking. Further, employees can look to Board Policy and Administrative Regulation 4000.5 if they have experienced sexual harassment, gender discrimination, and/or sexual assault. The District will investigate all complaints alleging sexual assault, dating violence, domestic violence, and/or stalking under the procedures described in Administrative Regulation 4000.5.

The individuals responsible for deciding the applicable policy include the Title IX Coordinator for Employees and the Title IX Coordinators for Students at Irvine Valley College and Saddleback College, respectively.
3. Steps in the Disciplinary Process

Disciplinary actions against a District employee will conform to all relevant statutes, regulations, personnel policies, and procedures (such as Board Police 7365), including the provisions of any applicable collective bargaining agreement.

4. Anticipated Timelines

See above.

5. Decision-Making Process

The District will conduct a thorough, prompt, and impartial investigation of a complaint of sexual misconduct. The investigation will typically include interviewing all involved parties (victim, accused, and witnesses) and collecting any documentation or evidence relevant to the allegation(s). Findings will be reached by using the preponderance of the evidence standard. After consideration of all the evidence gathered, the District will decide whether it is more likely than not that unlawful discrimination or harassment has occurred.

6. Possible Sanctions

Possible sanctions against an employee may include but are not limited to: an order that the responding party stay away from the victim, verbal warning, counseling memo, written warning, letter of reprimand, unsatisfactory evaluation, suspension, demotion, involuntary transfer and reassignment, and dismissal.

7. Range of Protective Measures Available to a Victim Alleging Misconduct

The District may take interim actions or protective measures to eliminate the harassment and prevent its recurrence. The range of measures may include, but are not limited to: no-contact orders, change in work location or other employment-based measures, safety escorts, prohibitions against retaliation, leaves of absence, and increased monitoring of certain areas of the campus.
**College-Initiated Protective Measures**

In addition to those protective measures previously described, the Title IX Coordinator or their designee will determine whether interim interventions and protective measures should be implemented, and, if so, take steps to implement those protective measures as soon as possible. Examples of interim protective measures include but are not limited to: a College order of no contact, adjustment of course schedules, a leave of absence, or reassignment to a different supervisor or position. These remedies may be applied to one, both, or multiple parties involved.¹ Violations of the Title IX Coordinator’s directives and/or protective measures will constitute related violations that may lead to additional disciplinary action. Protective measures imposed may be temporary pending the results of an investigation or may become permanent as determined by Irvine Valley College.

¹ Applicable law requires that, when taking such steps to separate the complainant and the accused, the College must minimize the burden on the complainant and thus should not, as a matter of course, remove the complainant from his or her job, classes or housing while allowing the accused to remain.

**Procedures Victims Should Follow If a Crime of Domestic Violence, Dating Violence, Sexual Assault, and/or Stalking Occurs**

After an incident of sexual assault, dating violence, or domestic violence, the victim should consider seeking medical attention as soon as possible at Hoag Hospital Irvine (16200 Sand Canyon Ave, Irvine, CA 92618, 949-764-4624). In California, evidence may be collected even if you chose not to make a report to law enforcement². It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted infections. Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, and other communications, and keeping pictures, logs, or other copies of documents, if they have any,
that would be useful to College adjudicators/investigators or police.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with Campus Public Safety or other law enforcement to preserve evidence in the event that the victim decides to report the incident to law enforcement or the College at a later date to assist in proving that the alleged criminal offense occurred or that may be helpful in obtaining a protection order.

2 Under the Violence Against Women and Department of Justice Reauthorization Act of 2005, starting in 2009, states must certify that they do not “require a victim of sexual assault to participate in the criminal justice system or cooperate with law enforcement in order to be provided with a forensic medical exam, reimbursement for charges incurred on account of such an exam, or both.”

**Involvement of Law Enforcement and Campus Authorities**

Although the College strongly encourages all members of its community to report violations of this policy to law enforcement (including on campus law enforcement and/or local police) it is the victim’s choice whether or not to make such a report. Furthermore, victims have the right to decline to notify law enforcement. However, the College Title IX Coordinator (Dr. Martha McDonald, 949-451-5624) will assist any victim with notifying law enforcement if the victim so desires. The local police department with jurisdiction may also be reached directly by telephone or in person. Additional information about the local police department may be found online at their website.

The Irvine Police Department may also be reached directly by calling 949-724-7000 or visiting in person at 1 Civic Center Plaza, Irvine, CA 92606. Additional information about the department may be found online at: [https://www.cityofirvine.org/irvine-police-department](https://www.cityofirvine.org/irvine-police-department).

When you file a report, you are NOT obligated to continue with legal proceedings or college disciplinary action. If the assault occurred off-campus, report the incident to the Irvine Police Department (949-724-7000) or the Tustin Police Department (949) 573-3200. If you are unsure who to report to, contact IVCPD for assistance.
The reasons for reporting to IVCPD are:

1) to take action which may prevent further victimization, including issuing a Timely Warning Notice to warn the campus community of an impending threat to their safety;
2) to apprehend the suspect;
3) to seek justice for the wrong that has been done to you; and
4) to have the incident recorded for purposes of reporting statistics about incidents that occurred on campus.

**What to Do Immediately Following a Sexual Crime**

- Get to a safe place as soon as possible. Your immediate safety comes first!
- Call IVCPD at 949-451-5234.
- Contacting police does not require that you pursue prosecution. If the crime occurred in a different police jurisdiction, IVCPD could assist in notifying the agency of jurisdiction.
- Preserve physical evidence in a paper bag, if applicable and available.
- Following an assault, do not wash, use the toilet, eat, smoke, drink, or change clothing, if at all possible. If you do change clothes, place all clothing you were wearing when the assault occurred in a paper bag.
- Keep all voicemails, emails, texts, or other types of communication between you and the perpetrator.
- Call the Health and Wellness Center or a friend, family member, or someone you trust for support.
- If you were assaulted, get medical attention immediately; if needed, a medical exam will determine and treat any physical injuries you might have sustained during the assault; determine the risk of sexually transmitted diseases or pregnancy; provide preventative treatment options; and gather evidence that could aid in criminal prosecution of the perpetrator.
- Victims are not required to pursue prosecution just because they report the crime to a police agency. However, the reporting of sexual assault to the police agency may prevent others from being victims and safeguard your rights for future prosecution.

**Reporting Incidents of Domestic Violence, Dating Violence, Sexual Assault and Stalking**

If you have been the victim of domestic violence, dating violence, sexual assault, or stalking, you should report the incident promptly by calling, writing, or coming into the office to report to the Title IX Coordinator, Dr. Martha McDonald, in the A 100 building or at 949-451-5624. If you so
desire, you may notify Campus Police. Reports of all domestic violence, dating violence, sexual assault, and stalking made to Campus Police will automatically be referred to the Title IX Coordinator for investigation, regardless of whether the complainant chooses to pursue criminal charges.

**Reasons to Report the Crime to Police Include:**

- Reporting within 72 hours of the assault will allow for valuable evidence to be collected. The sooner you report, the better the chance of physical evidence being collected and not being diminished or destroyed. Should you want to pursue prosecution, this increases the chances of apprehending and successfully prosecuting the suspect.

- Reporting is empowering. It gives survivors the opportunity to talk about what has happened and gives them back some of their control.

- Reporting the crime will ensure that medical expenses, including a forensic medical exam and costs for emergency care, may be paid by public compensation funds.

- Reporting and prosecuting are essential to sexual assault prevention and the protection of other potential victims by stopping or deterring repeat offenders.

- Reporting attests to the fact that sexual assault happens, it is never the survivor's fault, and that the survivor's voice is heard and not silenced.

- Reporting can help support the case of another survivor who has previously reported a crime committed by the same perpetrator. The information might be just enough evidence to help close another survivor's case and assist them in getting justice.

- Reporting may be helpful in obtaining a protection order.
REMEMBER: Sexual assault is never your fault!

Accommodations and Protective Measures Available forVictims

Upon receipt of a report of domestic violence, dating violence, sexual assault, or stalking, Irvine Valley College will provide written notification to students and employees about accommodations available to them, including academic, living, transportation, protective orders, and working situations. The written notification will include information regarding the accommodation options, available assistance in requesting accommodations, and how to request accommodations and protective measures (i.e., the notification will include the name and contact information for the individual or office that should be contacted to request the accommodations).

At the victim’s request, and to the extent of the victim’s cooperation and consent, College offices will work cooperatively to assist the victim in obtaining accommodations. If reasonably available, a victim may be offered changes to academic, working, protective measures, or transportation situations, regardless of whether the victim chooses to report the crime to campus police or local law enforcement. Examples of options for a potential change to the academic situation may be to transfer to a different section of a class, to withdraw and take a class at another time if there is no option for moving to a different section, etc. Possible changes to work situations may include changing working hours. Possible changes in transportation may include having the student or employee park in a different location, assisting the student or employee with a safety escort, etc.

To request changes to academic, living, transportation and/or working situations or protective measures, a victim should contact the Title IX Coordinator, Dr. Martha McDonald, in the A 100 building, at 949-451-5624, or at mmcdonald@ivc.edu. If the victim wishes to receive assistance in requesting these accommodations, she or he should contact the same office.
The college will assist the victim in changing academic situations if so requested and if changes are reasonably available. Potential changes/accommodations include but are not limited to:

- Class schedule changes
- Escorts to and from class
- Tutoring
- Instructor assistance with assignments
- Medical/psychological treatment
- Counseling

**Assistance for Victims: Rights and Options**

Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, the College will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights and options. Such written information will include:

- the procedures victims should follow if a crime of dating violence, domestic violence, sexual assault, or stalking has occurred;
- information about how the institution will protect the confidentiality of victims and other necessary parties;
- a statement that the institution will provide written notification to students and employees about victim services within the institution and in the community;
- a statement regarding the institution’s provisions about options for, available assistance in, and how to request accommodations and protective measures; and
- an explanation of the procedures for institutional disciplinary action.
Sex Offender Registration Information
The federal Campus Sex Crimes Prevention Act requires institutions of higher learning to issue a statement in their annual security report detailing where members of their campus community can obtain information concerning registered sex offenders. It also requires sex offenders who are required to register under state law to provide notice of their enrollment or employment at any institution of higher learning in the state where they reside. Also, California law requires sex offenders who attend campus, and all campus-affiliated sex offenders, to register with campus law enforcement.

Members of the public may access sex offender information at the Megan’s Law website maintained by the Department of Justice (www.meganslaw.ca.gov).

For information concerning offenders who have registered with IVCPD, call 949-451-5234.
Bystander Intervention

To prevent gender-based violence, it is important that people are approached as potential witnesses or bystanders to behaviors related to sexual or dating violence. If you witness these behaviors, there are certain ways you can step up to prevent a risky situation from getting worse.

To intervene, first someone has to:

- Notice the incident. Bystanders first must notice what is taking place. It’s important to become attuned to what situations may be risky.
- Interpret the incident as an emergency. By "emergency," we mean a situation wherein there is risk of sexual or domestic violence occurring shortly.
- Assume responsibility for intervening. It has been found that often, people believe that someone else will help in a situation when there are many people around. However, it is important to realize that others may also be thinking the same thing. If you're unsure if you should do something, ask a friend what they think — it might be the case that they've been thinking the same thing.
- Have the bystander intervention skills that will allow you to help. There are a number of different intervention techniques that someone can use to intervene in a risky situation, some of which we’ve listed below.

Bystander Intervention Techniques (the 4Ds): Please remember that your safety is of the utmost importance. When there is a situation in which you or another student are threatened by the potential for physical harm, ask someone for help or contact the police.

Direct: Step in and address the situation directly. This might look like saying, "That's not cool. Please stop," or, "Hey, leave them alone." This technique tends to work better when the person that you're trying to stop is someone that knows and trusts you. It does not work well when drugs or alcohol are being used because someone's ability to have a conversation with you about what is going on may be impaired, and they are more likely to become defensive.

Distract: Distract either person in the situation to intervene. This might look like saying, "Hey, aren't you in my Spanish class?" or "Who wants to go get pizza?" This technique is especially useful when drugs or alcohol are being used because people under the influence are more easily distracted than those that are sober.
Delegate: Delegate the task by looking for persons to back you up when you decide to intervene. This might look like asking friends to distract one person in the situation while you distract the other ("splitting" or "defensive split"), asking someone to go sit with them and talk, or going and starting a dance party right in the middle of their conversation. If you didn't know either person in the situation, you could also ask around to see if someone else does and check in with them. See if they can talk to their friend, text their friend to check in, or intervene.

Delay: For many reasons, you may not be able to do something right at the moment. For example, if you're feeling unsafe or if you're unsure whether or not someone in the situation is feeling unsafe, you may just want to check in with the person. In this case, you can combine a distraction technique by asking the person to use the bathroom with you or go get a drink with you to separate them from the person that they are talking with. Then, this might look like asking them, “Are you okay?” or "How can I help you get out of this situation?" This could also look like texting the person, either in the situation or after you see them leave, and asking, "Are you okay?" or "Do you need help?"

Risk Reduction

With no intent to victim blame, and recognizing that only abusers are responsible for their abuse, the following are some strategies to reduce one’s risk of sexual assault or harassment.

The following tips may reduce your risk for many different types of crimes, including sexual violence. Know your resources.

Who should you contact if you or a friend needs help? Where should you go? Locate resources such as the campus health center, campus police station, and a local sexual assault service provider.

Notice where emergency phones are located on campus, and program the campus security number into your cell phone for easy access.

(Taken from the Rape, Abuse, & Incest National Network, [https://www.rainn.org/](https://www.rainn.org/))
1. **Be aware** of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.

2. Try to **avoid isolated areas**. It is more difficult to get help if no one is around.

3. **Walk with purpose.** Even if you don’t know where you are going, act like you do.

4. **Trust your instincts.** If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.

5. **Try not to load yourself down** with packages or bags as this can make you appear more vulnerable.

6. **Make sure your cell phone is with you** and charged and that you have cab money.

7. **Don't allow yourself to be isolated** with someone you don’t trust or someone you don’t know.

8. **Avoid putting music headphones in both ears** so that you can be more aware of your surroundings, especially if you are walking alone.

9. **When you go to a social gathering, go with a group of friends.** Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.

10. **Trust your instincts.** If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).

11. **Don't leave your drink unattended** while talking, dancing, using the restroom, or making a phone call. If you’ve left your drink alone, just get a new one.

12. **Don't accept drinks from people you don't know or trust.** If you choose to accept a drink, go with the
person to the bar to order it, watch it being poured, and carry it yourself. At parties, don’t drink from the
punch bowls or other large, common open containers.

13. **Watch out for your friends, and vice versa.** If a friend seems out of it, is way too intoxicated for the
amount of alcohol they’ve had, or is acting out of character, get him or her to a safe place immediately.

14. **If you suspect you or a friend has been drugged, contact law enforcement immediately** (local
authorities can be reached by calling 911 in most areas of the U.S.). Be explicit with doctors so they
can give you the correct tests (you will need a urine test and possibly others).

15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
   
   a. **Remember that being in this situation is not your fault.** You did not do anything wrong, it is
   the person who is making you uncomfortable that is to blame.
   
   b. **Be true to yourself.** Don't feel obligated to do anything you don't want to do. "I don't want to" is
   always a good enough reason. Do what feels right to you and what you are comfortable with.
   
   c. **Have a code word with your friends or family** so that if you don’t feel comfortable you can call
   them and communicate your discomfort without the person you are with knowing. Your friends
   or family can then come to get you or make up an excuse for you to leave.
   
   d. **Lie.** If you don’t want to hurt the person’s feelings it is better to lie and make up a reason to leave
   than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to
   take care of a friend or family member, not feeling well, having somewhere else that you need to
   be, etc.

16. **Try to think of an escape route.** How would you try to get out of the room? Where are the doors?
   Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?

17. **If you and/or the other person have been drinking,** you can say that you would rather wait until you
both have your full judgment before doing anything you may regret later.
The Clery Act Reportable Crimes Defined

**Murder and Non-Negligent Manslaughter:** The willful (non-negligent) killing of one human being by another.

**Manslaughter by Negligence:** The killing of another person through gross negligence.

**Fondling:** The touching of the private body parts of another person for sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

**Hate Crime:** A criminal offense that manifests evidence that the victim was intentionally selected because of the perpetrator’s bias against the victim (race, religion, sexual orientation, gender, gender identity, ethnicity, national origin or disability).
**Categories of bias are:**

**Race:** A preformed negative attitude toward a group of persons who possess common physical characteristics (color of skin, eyes, or hair, facial features, etc.) genetically transmitted by descent and heredity which distinguish them as a distinct division of humankind (Asian, Afro-Americans, Whites, etc.)

**Gender:** A preformed negative opinion or attitude toward a group of persons because those people are male or female. Gender bias is also a Clery Act-specific term, not found in the FBI's Hate Crime Data Collection Guidelines.

**Gender Identity:** A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender identity, e.g., bias against transgender or gender non-conforming individuals.

**Religion:** A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being (Catholics, Jews, Protestants, atheists, etc.).

**Ethnicity:** A preformed negative opinion or attitude toward a group of people whose members identify with each other, through a common heritage, often consisting of a common language, common culture (often including a shared religion), or ideology that stresses common ancestry. The concept of ethnicity differs from the closely related term race in that “race” refers to grouping based mostly upon biological criteria, while “ethnicity” also encompasses additional cultural factors.

**National Origin:** A preformed negative opinion or attitude toward a group of person of the same race or national origin who share common or similar traits, languages, customs or traditions.

**Disability:** A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, age or illness.
**Dating Violence:** Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of a romantic or intimate relationship will be determined based on the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

iii. For the purposes of this definition—

   C) Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.

   D) Dating violence does not include acts covered under the definition of domestic violence.

iv. For the purposes of complying with the requirements of this section and §668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

**Domestic Violence:** Includes felony or misdemeanor crimes of violence committed by:

- A current or former spouse of the victim;
- A person with whom the victim shares a child in common;
- A person who is cohabitating with or has cohabitated with the victim as a spouse;
- A person similarly situated to a spouse of the victim of the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

; or

- Fear for his or her safety or the safety of others, or

- Suffer substantial emotional distress.

iii. For the purposes of this definition—

   D) *Course of conduct* means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or
means follows, monitors, observes, surveils, threatens, or communicates to or about, a
person, or interferes with a person’s property.

E) *Reasonable person* means a reasonable person under similar circumstances and with
similar identities to the victim.

F) *Substantial emotional distress* means significant mental suffering or anguish that may,
but does not necessarily, require medical or other professional treatment or counseling.

iv. For the purposes of complying with the requirements of this section and section 668.41, any
incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

It is the responsibility of each person involved in sexual activity to ensure that he or she has
the affirmative consent of the other or others to engage in the sexual activity. Lack of protest
or resistance does not mean consent; nor does silence mean consent. Affirmative consent
must be ongoing throughout a sexual activity and can be revoked at any time.

**Other Violations Defined:**

**Liquor Law Violations:** Violations of state or local laws or ordinances prohibiting the
manufacture, sale, purchase, transportation, possession, or use of alcoholic beverages, not
including driving under the influence and drunkenness.

**Drug Law Violations:** Violation of laws prohibiting the production, distribution and/or use
of certain controlled substances and the equipment or devices utilized in their preparation
and/or use; the unlawful cultivation, manufacture, distribution, sale, purchase, use, possession,
transportation or importation of any controlled drug or narcotic substance.

**Weapons Law Violations:** Violation of laws or ordinances prohibiting the manufacture, sale,
purchase, transportation, possession, concealment, or use of firearms, cutting instruments,
explosives, incendiary devices or other deadly weapons.

**Unfounded Crimes:** A crime may be “unfounded” only if sworn or commissioned law
enforcement personnel have fully investigated the reported crime and, based on the results of
the full investigation and evidence, have made a formal determination that the crime report is
false or baseless and therefore “unfounded.” Both “founded” and “unfounded” crimes must
be reported in the Clery Annual Security Report.
California Definitions of Domestic Violence, Dating Violence, Sexual Assault, and Stalking

Domestic Violence
The State of California defines domestic violence as follows:

California Penal Code section 273.5(a)
Any person who willfully inflicts corporal injury resulting in a traumatic condition upon a victim described in subdivision (b) is guilty of a felony, and upon conviction thereof shall be punished by imprisonment in the state prison for two, three, or four years, or in a county jail for not more than one year, or by a fine of up to six thousand dollars ($6,000), or by both that fine and imprisonment.

(b) Subdivision (a) shall apply if the victim is or was one or more of the following:

(1) The offender’s spouse or former spouse.

(2) The offender’s cohabitant or former cohabitant.

(3) The offender’s fiancé or fiancée, or someone with whom the offender has, or previously had, an engagement or dating relationship, as defined in paragraph (10) of subdivision (f) of CPC Section 243.

(4) The mother or father of the offender’s child.

Dating Violence
The State of California defined dating violence as follows:

California Penal Code section 243(e) (1)
When a battery is committed against a spouse, a person with whom the defendant is cohabiting, a person who is the parent of the defendant’s child, former spouse, fiancé, or fiancée, or a person with whom the defendant currently has, or has previously had, a dating or engagement relationship, the battery is punishable by a fine not exceeding two thousand dollars ($2,000), or by imprisonment in a county jail for a period of not more than one year, or by both that fine and imprisonment. If probation is granted, or the execution or imposition of the sentence is suspended, it shall be a condition thereof that the defendant participate in, for no less than one
year, and successfully complete, a batterer’s treatment program, as described in Section 1203.097, or if none is available, another appropriate counseling program designated by the court. However, this provision shall not be construed as requiring a city, a county, or a city and county to provide a new program or higher level of service as contemplated by Section 6 of Article XIII B of the California Constitution.

**Sexual Assault**

The State of California defines sexual assault as follows:

*California Penal Code section 243.4(a)*

Any person who touches an intimate part of another person while that person is unlawfully restrained by the accused or an accomplice, and if the touching is against the will of the person touched and is for the purpose of sexual arousal, sexual gratification, or sexual abuse, is guilty of sexual battery. A violation of this subdivision is punishable by imprisonment in a county jail for not more than one year, and by a fine not exceeding two thousand dollars ($2,000); or by imprisonment in the state prison for two, three, or four years, and by a fine not exceeding ten thousand dollars ($10,000).

**Stalking**

The State of California defines sexual assault as follows:

*California Penal Code section 646.9 (a)*

Any person who willfully, maliciously, and repeatedly follows or willfully and maliciously harasses another person and who makes a credible threat with the intent to place that person in reasonable fear for his or her safety, or the safety of his or her immediate family is guilty of the crime of stalking, punishable by imprisonment in a county jail for not more than one year, or by a fine of not more than one thousand dollars ($1,000), or by both that fine and imprisonment, or by imprisonment in the state prison.

**Consent**

The State of California defines consent, in relation to sexual activity, as follows:

*California Education Code Section 67386(a)(1)*

An affirmative consent standard in the determination of whether consent was given by both parties to sexual activity. “Affirmative consent” means affirmative, conscious, and voluntary agreement to engage in sexual activity. It is the responsibility of each person involved in the sexual activity to ensure that he or she has the affirmative consent of the other or others to engage in the sexual activity. Lack of protest or
resistance does not mean consent, nor does silence mean consent. Affirmative consent must be ongoing throughout a sexual activity and can be revoked at any time. The existence of a dating relationship between the persons involved, or the fact of past sexual relations between them, should never by itself be assumed to be an indicator of consent.

The Respondent’s belief that the Complainant consented will not provide a valid defense where:
1. The Respondent’s belief arose from the Respondent’s own intoxication or recklessness;
2. The Respondent did not take reasonable steps, in the circumstances known to the Respondent at the time, to ascertain whether the Complainant affirmatively consented; or
3. The Respondent knew or a reasonable person should have known that the Complainant was unable to consent because the Complainant was incapacitated, in that the Complainant was:
   a. asleep or unconscious;
   b. unable to understand the fact, nature, or extent of the sexual activity due to the influence of drugs, alcohol, or medication; or
   c. unable to communicate due to a mental or physical condition.

Note: Incapacitation is a state beyond drunkenness or intoxication. A person is not necessarily incapacitated merely as a result of drinking, using drugs, or taking medication.

Insert the institution’s definition (if one exists) of consent AND the purposes for which that definition is used.

**Daily Crime Log**

IVCPD maintains a Daily Crime Log on the department website. The crime log can be accessed online at: http://campuspolice.ivc.edu

The daily crime log contains information about crimes investigated or reported to the department. The log is also available upon request for public inspection in the Police Department (5500 Irvine Center Drive, Irvine 92618) lobby during normal business hours of 7:00 A.M. – 6:00 P.M. Monday – Thursday and 7:00 A.M. – 12:00 P.M. on Fridays. Summer hours may vary. Log entries for the past 60 days are immediately available. Log entries older than 60 days can be obtained by request and will be available within two business days.
Clery Geographic Definitions

**On Campus:** Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes.

Any building or property that is within or reasonably contiguous to paragraph (1) of this definition, that is owned by the institution but controlled by another person, is frequently used by students and supports institutional purposes (such as a food or other retail vendor).

**Non-Campus Building or Property:** Any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students and is not within the same reasonably contiguous geographic area of the institution.

**Public Property:** All public property (including thoroughfares, streets, sidewalks, and parking facilities) that is within the campus, or immediately adjacent to and accessible from the campus.

Preparing the Annual Disclosure of Crime Statistics

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the College community obtained from the following sources: IVCPD, the local police department(s), and Campus Security Authorities. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported. A written request for statistical information is made on an annual basis to all Campus Security Authorities (as defined by federal law) and to all College Deans, Directors, and Department Heads. Statistical information is requested and provided to IVCPD by the employees at the College Counseling Center, even though they are not required by law to provide statistics for the compliance document.

All of the statistics are gathered, compiled, and reported to the College community via this report, which is published by Irvine Valley College Police Department. IVCPD submits the annual crime statistics published in this report to the Department of Education (ED). The statistical information gathered by the Department of Education is available to the public through the ED website.
