

CYBER DAY

Tuesday, October 21 • 4:30 – 6 pm

Irvine Valley College, BSTIC 111 • 5500 Irvine Center Drive, Irvine, CA 92618

Join us for an insightful event dedicated to cybersecurity!

Gain firsthand insights on staying current with evolving technology. Engage with our guest speakers, ask your questions, and discover practical solutions for tackling real-life security challenges. Refreshments will be served.

Guest Speakers Include:

Terry Ginsburg

Cybercrime Specialist and Digital Forensic Examiner at the U.S. Probation & Pretrial Services Office in the Central District of California; and IVC CIM Adjunct Professor

AB White

Cybersecurity Director at Montrose Environmental Group; Consultant; and IVC CIM Adjunct Professor

Mohan Reddy

Distinguished Engineer, Optum; and Sr. Director of Network Engineering at United Healthcare

Omer Odabas

Senior Cybersecurity Data Scientist at USAA; Lecturer at Cal Poly Pomona; and IVC CIM Adjunct Professor

Zubin Khambatta

Seasoned technology leader and educator with over 20 years of experience advancing enterprise IT operations, cloud infrastructure, and software development with a strong focus on cybersecurity and compliance; and IVC CIM Adjunct Professor
