- [FAQ on CVC](#)
- [FAQ for potential students](#)
- IVC is working on becoming visible on the site. An example was given: If you search for online community college classes, CVC is the top result. If you then search that site and don't see an IVC class listed, many will assume that we don't offer an online class. We are working to have our fully online classes be visible on this site. It will take some time to make this happen. This doesn't have any impact to faculty, curriculum, or anything else, just points potential students to our classes.
- The decision to fully join the CVC would be a district decision. During the April 21 meeting, more info about what it means for us to join will be given.
