Y

O

U

The Irvine Valley College Foundation believes in contributing to a meaningful experience that enhances teaching and learning at Irvine Valley College. Every day we cultivate resources because we strive to provide access to an exceptional education and a caring campus community.

NEW SCHOOL

IVC created the **School of IDEA (Integrated Design, Engineering and Automation)** on the South Orange County Community College District ATEP (Advanced Technology and Education Park) campus. It is a catalyst for innovative career education. Program offerings include design model making and rapid prototyping, drafting and engineering technology, electrical technology, electronic technology, and laser technology.

CHRIS LC LEE TESTING CENTER

In 2017, the Irvine Valley College Foundation received a \$246,000 gift, which is the largest single gift ever made to the College. An anonymous donor made the contribution to equip a testing center at IDEA. The gift was made in memory of Chris LC Lee, who was a proud alumnus of Irvine Valley College. After completing his undergraduate education, he returned to campus to work as a proctor in the testing center. He was a beloved member of the staff and he is remembered for his kindness and helpfulness.

"What I want each of you to take away from this evening is that you make life possible for people like me. You enabled a former drug addict and prisoner to change course. And while I love being a student, I cannot wait to join you as a contributor. My success is a direct result of your generous gifts. I would not be here without you."

Dawn Murphy

"I like to think of scholarships as an investment, and when you invest in students that have the resources offered here at IVC you should be confident that your investment is low risk and has the opportunity to have a huge return."

Erik Grohmann

"I may have endured many struggles and hardships while being a student here, but please know that because of each and every one of you, I continuously make it a point every day to wake up and strive to reach my fullest potential."

La'Maiyah Lyles

INCOMING FRESHMEN TO PARTICIPATE
IN THE SUMMER BRIDGE PROGRAM

Irvine Valley Promise is a program designed to help students who struggle with the financial pressures of attending college, and who would additionally benefit from academic and supportive resources to assist in the successful transition from high school to college. Irvine Valley Promise provides a full year of paid enrollment fees and book costs to first-time college students who reside in Irvine, Tustin, or Laguna Beach, do not qualify for financial aid, and are accepted into the Promise program.

A MESSAGE FROM OUR PRESIDENTS

As you near the end of the Irvine Valley College Foundation’s annual report, I hope that your reaction to what you just read is similar to mine. The accomplishments illustrated in this year’s annual report bring me a great sense of pride and joy. Our generous contributors made a tremendous impact on our students, our programs, and our entire community. Thanks to our supporters, our choral students had a wonderful experience on their trip to Austria. Two cohorts of at-risk students got a leg up by participating the Edison International Summer Bridge Program. The Chris LC Lee Testing Center is state-of-the-art and provides students with the facilities they need to take a variety of authorized tests. The 2018-2019 year promises to be filled with new opportunities to change the lives of IVC students.

Glenn Roquemore, PhD
President, *Irvine Valley College*

This was a wonderful year for the IVC Foundation and we could not have done it without the support of our contributors, community members, volunteers, faculty, administrators, classified staff, and, of course, our students. While there are countless interactions throughout the year to remind me why I chose to get involved with the school, the scholarship ceremony drives it home. Watching the joy and laughter on the faces of the scholarship representatives and the recipients as they meet each other is priceless. The feeling of being surrounded by other people who are also striving to make a difference in the lives of our students is indescribable. Most important is hearing the stories of the recipients. Many of them faced huge barriers to even start school, yet they persevered and are now pursuing their educational careers, which will open up a world of opportunities. The final speaker at the ceremony used the word “wow” to describe the day, and she could not have captured my feelings any better. As the 2018-2019 president of the IVC Foundation board, I look forward to including you in our college activities, and, hopefully to getting you to experience your own “wow.”

Lisa Greenberg
President, *Irvine Valley College Foundation*
