Advancing Success for Today and Tomorrow

FOR OVER 28 YEARS, IRVINE VALLEY COLLEGE

(IVC) has been advancing success for our students and our community. Nearly 15,000 students now attend IVC each year. Many transfer to a four-year college; others move directly into successful careers; and still others experience the “community” in our community college, enriching their lives through IVC’s distinguished arts, sports, emeritus and other community programs.

IVC offers an exceptional value for the highest quality education. IVC is ranked #1 in Orange County and #2 among all California community colleges in transfer rates. Students transfer successfully not only to UC and CSU campuses, but also to prestigious universities across the nation—like USC, Stanford, Caltech, Chapman, Columbia, Johns Hopkins, Cornell and Brown, to name just a few.

IVC was just awarded its first National Science Foundation grant, a three-year Advanced Technological Education award of \$190,000 to fund the IVC Photonics Initiative, which prepares students for employment in photonics, a rapidly growing field that covers the science and engineering of devices that interact with light.

In August 2013, IVC received a \$50,000 grant from the Wells Fargo Foundation to support the creation of a new Veterans Services Center for active service members, veterans and military dependents.

We recently held a first-ever summit bringing together 70 community and campus partners to begin planning the College of the Future at ATEP, our Advanced Technology & Education Park in Tustin. This initial brainstorming session focused on closing the skills gap and integrating education and workforce development. We look forward to collaborating on this exciting business and educational partnership.

Whether your interest is in promoting programs such as STEM (science, technology, engineering and math) to advance economic growth, engaging new students, assisting mid-life learners returning to college to retrain, or in educating veterans, we welcome your support and investment.

A handwritten signature in black ink, reading "Glenn R. Roquemore".

Glenn R. Roquemore, PhD
President, Irvine Valley College

Beccie Dawson IVC changed my life

"As a single mom with limited resources and a full-time job when I enrolled, Irvine Valley College proved to be a significant turning point in my life. IVC provided me with the discipline, organization and time management skills—and the resources such as tutoring in math and writing—to pursue my associate degree in accounting. I had an excellent support system of counselors and faculty who encouraged me and gave me the confidence to pursue an advanced degree."

—Beccie Dawson, current Chief People Officer at THINK Together and long-time member of the IVC Foundation Board of Governors, was named IVC Alumna of the Year in 2008.

A Premier California Community College

IRVINE VALLEY COLLEGE (IVC) IS A PUBLIC, comprehensive and diverse community college with nearly 15,000 students, including over 400 international students from over 35 countries. Known as a leader among California community colleges, the 28-year-old institution is dedicated to student success and to providing high-quality, accessible and affordable education for all. Located on 100 acres of beautifully landscaped, park-like property in the heart of Irvine, the IVC campus offers students exceptional educational opportunities in state-of-the-art facilities. The college takes pride in its multi-talented faculty and staff.

we are IVC Kelly Ulrich

After graduating from either UCLA or the University of Michigan with a Bachelor's and a Master's degree in Communications/Public Relations (she also wants to spend some time studying abroad), Kelly plans to find a job at one of the top public relations firms in either LA or NYC. She says, "IVC has so many great people, both faculty and staff, who care about your success and will work with you to help achieve your goals. Having so many people around who will go above and beyond to help you has been my favorite part of IVC." Kelly is in the IVC Honors Program and is also a member of Phi Theta Kappa. She has been a social media intern in the college marketing office for the past year and a half.

Did you know?

- ◆ IVC currently offers over 60 Associate in Arts (AA) and Associate in Science (AS) degree majors and over 50 career technical certificate programs.
- ◆ IVC is ranked #1 in Orange County and #2 among all California community colleges in transfer rates to four-year institutions.
- ◆ New Career Technical Education (CTE) programs at IVC encourage transfer and/or immediate employment opportunities in areas such as electronics, recycling and resource management, paralegal studies, applied museum studies and entrepreneurship.
- ◆ IVC has a strong and active Honors Program and over 20 honors classes each semester for academically talented and motivated students. Our award-winning chapters of the honor societies Phi Theta Kappa and Psi Beta make us proud.
- ◆ IVC's 13 outstanding men's and women's athletic teams include state champions—most recently, in the fall of 2012, the IVC women's golf team won its second state title in three years; in the spring of 2013, the Irvine Valley women's sand volleyball team captured its first state title in the new and upcoming sport on the community college level.
- ◆ Each year, IVC offers a spectrum of classes for approximately 12,000 emeritus students at convenient off-campus sites.
- ◆ Over 200 students from two area high schools are enrolled in IVC's Early College Program, and will receive both high school and college credit for completing approved CSU- and UC-transferable IVC courses.

Our Campus: Advancing Student Success

"IVC OFFERS STUDENTS AN EXCEPTIONAL VALUE FOR OUTSTANDING UNDERGRADUATE PREPARATION. BY COMPLETING THEIR FIRST 60 UNITS OF LOWER-DIVISION GENERAL EDUCATION AND MAJOR COURSEWORK AT IVC AND THEN TRANSFERRING TO COMPLETE THEIR UPPER-DIVISION WORK AT A UC OR CSU CAMPUS OR PRIVATE/INDEPENDENT COLLEGE, STUDENTS CAN SAVE THOUSANDS OF DOLLARS IN TUITION AND FEES."

*—Richard H. Morley, Foundation Executive Director,
Irvine Valley College*

"WE OFFER A SMALL-COLLEGE ATMOSPHERE WITH OUTSTANDING STUDENT SERVICES AND QUALITY INSTRUCTION. OUR MISSION IS TO PROVIDE AN INCREASINGLY RELEVANT CURRICULUM AND THE LATEST TECHNOLOGY TO PREPARE OUR STUDENTS FOR THE FUTURE."

*—Glenn R. Roquemore, PhD, President,
Irvine Valley College*

James Bailey was the first athlete to represent the Irvine Valley College graduating class as a student commencement speaker in 2013. A proud husband and father of four, James returned to Irvine Valley after being away for a decade, during which time he faced health and financial trials. His return also marked a comeback to the Lasers basketball program, where he led Irvine Valley to a second-round appearance in the state championships. James says he plans to "attend CSU Dominguez Hills or Northwestern California University School of Law to receive my bachelor's degree in law, as well as go for a juris doctor. I want to make a difference through law and politics, while promoting peace and hope through Christianity."

James Bailey we are IVC

Value to the Community

IRVINE VALLEY COLLEGE HAS A DRAMATIC, positive impact on the local economy in many ways. Each year students leave IVC and either go on to seek an advanced degree at a four-year college or university, or rejoin the workforce, many here in Orange County. Their added skills translate to higher earnings and a more robust Orange County economy. IVC brings added value to the community as a whole.

A recent study revealed that achieving an associate degree from Irvine Valley College will increase a student's earnings to over \$40,000 per year, or 35.4% more than the average high school graduate. (*The Economic Contribution of SOCCCD: An Analysis of Investment Effectiveness and Economic Growth, CC Benefits, 2012.*)

**"CALIFORNIA COMMUNITY COLLEGES ARE
THE POINT OF ENTRY TO HIGHER
EDUCATION ACROSS THE STATE, ENROLLING
MORE THAN TWO-THIRDS OF FIRST-TIME
STUDENTS WHO ATTEND STATE COLLEGES
AND UNIVERSITIES."**

—National Center for Public Policy and Higher Education

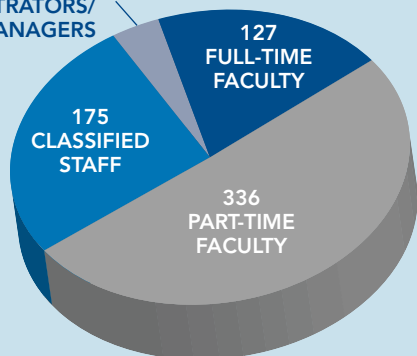

we are IVC Alumnus Sean Joyce

While a student at Irvine Valley College, Sean Joyce never imagined that someday he would be working as city manager of Irvine, one of Orange County's most dynamic and successful "new" cities. The sixth of seven children, Sean credits IVC for opening up his world to unlimited possibilities. His first college course, Introduction to Western Civilization, made him passionate about learning, while capturing his imagination and inspiring him to succeed. After his successful start at IVC, Sean went on to achieve a Bachelor of Arts in political science and a Master of Public Administration from Cal State Fullerton. In 2007, Sean was honored as IVC's Alumnus of the Year.

24 FULL-TIME
ADMINISTRATORS/
CLASSIFIED MANAGERS

Our Campus: Advancing Student Success

The academic and career achievements of IVC students are inspired by the exemplary accomplishments of IVC's faculty and staff. College employees have been repeatedly selected by their professional peers to serve at the regional, state and national level. IVC faculty members have been named the countywide Community College Teacher of the Year eight times. Excellence in their fields translates into excellence in their classrooms. Between 2012-2013 alone, IVC employees received the following recognition:

- ◆ Lifetime Achievement Award from the Research and Planning Group
- ◆ Psi Beta honor society Chapter Excellence Award
- ◆ Two 2013 UC Irvine Educator Recognition Award recipients; eight previous awardees
- ◆ OC Superior Court Humanitarian of the Year
- ◆ Excellence in Research Award from the Research and Planning Group
- ◆ Distinguished Fulbright Scholar for the second year in a row
- ◆ Two national titles: 2012 National Parliamentary Debate Association National Championships
- ◆ 2012 CLERC Award for Outstanding Chinese Teaching
- ◆ Acknowledgment in The Princeton Review (2012) as one of "The 300 Best Professors"

Professor Roopa Mathur we are IVC

Beginning her journey in the world of computers in 1986 as an avionics system engineer for Boeing, IVC Professor Roopa Mathur had no idea then how important computers would eventually become in her life. Now a full-time faculty member at Irvine Valley College, she constantly seeks to engage her students in all areas of computer information management, from web development and animation, to database and multiple PC applications. A lover of brainteasers, her motto in life is "Never Stop Learning," a philosophy she tries to live by, and one she daily tries to impart to her students.

Looking Ahead; Planning for the Future

IVC HAS EXPERIENCED OVER 28 YEARS OF

steady growth and development. Thanks to our passionate students, strong community support, and dedicated faculty and staff, we continue to see exceptional results. Following the great uncertainty of the recent recession, IVC is emerging stronger. As we begin to see state funding for colleges being restored, we are developing more systems to advance student success—be it a two-year degree, a skills certificate for solid employment, or transfer to a four-year program.

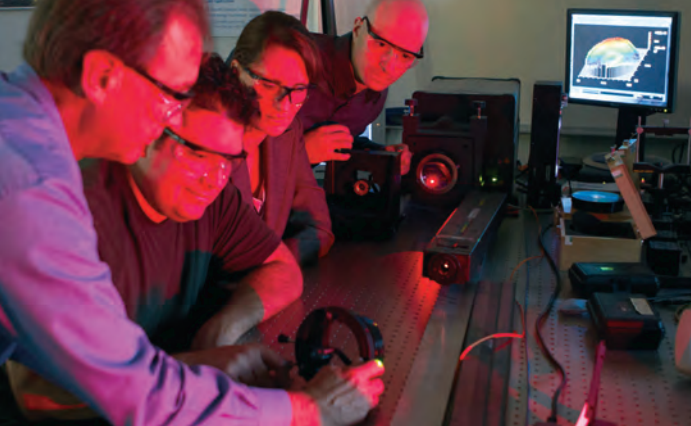

Over the next two decades, our college looks forward to continuing to provide students with the finest education possible. Looking ahead, the future at IVC is filled with a busy schedule of arts, athletics, increased outreach to the community, and new and innovative academic and career programs to meet the changing needs of a global economy.

As our academic and career programs grow, we will expand our campus, repurposing some buildings, constructing new classrooms and labs, adding parking structures, more resource centers, and a new entrance, among other projects. Our new Life Sciences building will be LEED Gold certified, with approximately 30,000 square feet of classroom and laboratory space utilizing day-light harvesting and natural ventilation. The indoor space will blend seamlessly with the exterior, with recycled rubber tile floors and sustainable bamboo lab cabinets. Outdoor features will include tiered seating and gardens

we are IVC Veterans

IVC is very proud that we continue to be recognized as a Military Friendly School. With over 600 military veterans currently enrolled, IVC received this distinction for being among the elite schools in the nation to offer active service members, veterans and military spouses the best education, best value and most welcoming atmosphere among 7,000 academic choices. IVC has also recently inaugurated a veterans support group, the Veterans Angels, whose donations will help fund critical support services that are presently lacking in the veterans' educational aid packets.

showcasing California's native plants and microclimate. This building will serve as a hub for faculty and students engaged in a wide range of courses in the biological sciences.

IVC looks forward to serving the ever-growing demand for courses that prepare students for nursing, biotechnology and environmental studies, as well as the many life science course requirements needed for study in health-related areas, such as medicine, dentistry, pharmacy and optometry.

The IVC Foundation

THE IVC FOUNDATION BOARD OF GOVERNORS,

its benefactors and supporters believe that advancing education, advancing our community and advancing the economic growth of our region are among the greatest investments we can make in our community. Without the support of the IVC Foundation and its donors, the quality of the educational experience that IVC provides to thousands of students each year would be at risk. Private fundraising, gifts and bequests are increasingly significant factors that help the college deliver the first-rate education that is the underlying foundation of our students' success.

The Foundation is dedicated to ensuring that IVC has the resources it needs to provide a high-quality, affordable and accessible college education to the residents of the city of Irvine and its neighboring communities.

Join us today and help us advance to a brighter, more prosperous future for our region and our state. The Irvine Valley College Foundation is a non-profit 501(c)(3) charitable organization (Tax ID#77-0239916).

calling 949-451-5472 or going to the website
at www.ivc.edu/foundation.

The IVC Foundation

THE IVC FOUNDATION SERVES THE COLLEGE,

our students, and our faculty and staff. The Foundation contributed a record high \$915,509 to the college in programs, support for managing campus project accounts, faculty and staff development and student scholarships. The Foundation reached an all-time-high revenue of \$1,361,454 for 2012-2013, with an increase of 22% in contributions and an increase in net assets of 12%. The charts on the right show the overall income and expenses. With fundraising costs at only 13% and overhead at 13%, the IVC Foundation continues to increase support to the College while maintaining lower-than-average operating costs for nonprofit organizations overall.

ACCOMPLISHMENTS

- ◆ Over 300 students were given a record high of \$324,058 in scholarships and awards for the 2013-2014 academic year.
- ◆ The City of Irvine has funded the IVC Foundation with \$100,000 each year, for the next three years, for student scholarships, high school student programs, and for Early College counselors.
- ◆ The online PRO IVC (Promote IVC) campaign increased accounts and donors, enabling faculty, students and staff to reach out directly to their contacts. The Foundation matched the donor contributions 33%, for a total PRO IVC campaign of \$272,672 distributed to 77 accounts.
- ◆ The 26th Astounding Inventions event drew 460 youth inventions from Tustin and Irvine schools, and an increase in corporate participation. Our major sponsor, Greenberg Traurig, LLP, hosted top students and supported pro bono patent application work. With success beyond prior years, \$34,000 was raised for IVC programs and student scholarships, and for student inventors. The event attracts regional attention and showcases IVC to the STEM (science, technology, engineering and math) community.
- ◆ The Foundation supported IVC faculty by creating an online portal for students to submit their research for the first-ever Political Science Essay Contest, and an online donor site for the Kirk Gorrie Memorial Scholarship.

Donor Guide to Giving

THE IRVINE VALLEY COLLEGE FOUNDATION

provides several ways for you to support our educational programs and our students.

◆ **General College Support:** Unrestricted gifts provide the greatest benefit to the college by allowing the IVC Foundation to address the greatest needs that the college has identified for funding. These gifts allow the most general support of all campus projects and student scholarships, and enable the Foundation to grow the capability to generate more revenue to support our students and faculty.

◆ **Student Support:** Scholarships can be awarded based on academic merit and/or financial need. Scholarship awards assist IVC students with fees, books, and the general cost of attending IVC. Contact the IVC Foundation at 949-451-5290 to discuss specific scholarship criteria that you are interested in funding. For more information on scholarships, see www.ivcscholarships.org.

**CONTACT THE
IRVINE VALLEY COLLEGE

Ways to Give

◆ Support for Excellence in Teaching and Learning:

These gifts provide direct support to enrich student learning and student success. The IVC Foundation seeks to support faculty excellence and innovation in teaching and learning excellence.

◆ **Equipment and Facilities:** IVC continues to lead the way in the number of students transferring to four-year institutions. It is crucial that our equipment and facilities, especially in the highly competitive, rapidly changing world of science, technology, engineering and math (STEM), provide state-of-the-art learning experiences for IVC students.

◆ **PRO IVC:** The Promote IVC program provides faculty and staff with a means to generate funds to support their specific programs and entities. The PRO IVC campaign kicks off each fall and culminates on or near April 1 each year.

◆ **President's Leaders Circle:** The President's Circle is an elite group of donors who have access and input to the college through IVC President Glenn Roquemore, PhD.

Current Gifts. Current gifts can be made by mail or by visiting the IVC Foundation on campus. Current gifts may include cash or gifts of stocks or securities. Gifts of stocks or securities may afford you, the donor, significant savings in capital gains taxes. A gift of highly appreciated but nonperforming stocks is an excellent way to consider supporting IVC students, faculty and staff.

Gifts of Personal Property. For current gifts of securities or in-kind gifts, please call the Foundation at 949-451-5290.

Scholarships. A full list of IVC scholarships can be found online at www.give2ivc.org. You may give online to an established scholarship. For setting up a new scholarship, see www.give2ivc.org, or call the Foundation at 949-451-5290.

Corporate Matching Gifts. Many local and national corporations match individual gifts. Check with your company's human resources department to see if your donation can be matched by your employer.

Online. You can access the IVC online giving page at www.give2ivc.org. There you will find many ways to support IVC students, faculty and staff, and IVC programs. You may use your credit card on our secure online giving page.

Gift Planning: Bequests and Trusts. For information on gift planning, including a wealth of information about charitable trusts that may provide significant tax savings while maximizing your wealth transfer, see the IVC Gift Planning website at www.ivclegacygiving.org.
