

PREVIEW NIGHT

Participant Agenda

Wednesday, April 16, 2025 • 4 – 8 pm

4 – 8 pm

Dinner from The Habit Burger Grill • Various Food Truck Locations Between the PAC and Library

First 1,500 registered attendees will receive a free meal from The Habit Burger Grill. Stop by any of the four food trucks to redeem your meal ticket. *(Registration does not guarantee a meal. Meals distributed on a first-come, first-served basis.)*

Outdoor Resource Fair • Library and Hart Gym Walkway

Learn about all of the academic degree programs and student support services available to help students succeed at IVC! Drop off your opportunity drawing ticket at the main stage where the DJ will announce the opportunity drawing winners throughout the evening. *Winner need not be present to win. Prizes will be held on stage until the end of the event, then can be picked up Mon.– Fri., 8 – 5 pm at SAC 150. Prizes will be held until Friday, April 25.*

5 – 5:45 pm or 6:30 – 7:15 pm

Honors Program, University Transfer, and Irvine Valley Promise Program • Hart Gym

Please join us for a 45-minute presentation that will highlight the respected IVC Honors Program, university transfer guarantee/agreement programs, Irvine Valley Promise, and Q&A with representatives from each area. Seating is limited (first-come, first-served). There will be two identical rounds of presentations at 5 pm and 6:30 pm.

President's Welcome

Dr. John C. Hernandez, *President, Irvine Valley College*

Vice President's Welcome

Dr. Martha A. McDonald, *Vice President for Student Services*

Honors Program

Dr. Emily Liu, *IVC Honors Program Director*

University Transfer

Tuan Nguyen, *Transfer Center Coordinator/Counselor*

Promise Program

Frank Rivera, *Director, Outreach and Strategic Partnerships*

6:30 – 7:15 pm

GAP4+1 Breakout Session • BSTIC 111

GAP4+1 is a unique pathway program and partnership between Irvine Valley College and California State University, Fullerton. Students in the program are guaranteed to graduate with a bachelor's degree in business administration (with a concentration in accounting) in four years and a master's degree (optional) with one additional year. The master's program may include an international component. With this degree, students expand their career choices from traditional International and National accounting firms to positions involving data analytics, process automation, business technology positions and more. Come and see why 98% of students in the program have full time offers BEFORE they graduate.

Professor Don Bradshaw

Breaking Barriers: Inspiring the Future of Women in STEM • PAC 144

Join us for an evening with trailblazing women in STEM! Our panel, "Breaking Barriers: Inspiring the Future of Women in STEM," features accomplished scientists and engineers who are shaping the future in biomedical engineering, manufacturing, and human-computer interaction. Discover their stories, learn from their journeys, ask questions, and find out how to turn your passion into a career.

Professor Dr. Michael Doud, Chemistry
